MSc European Forestry

The Master of Science in European Forestry (MSc EF) programme is a high profile Erasmus+: Erasmus Mundus Joint Master Degree programme in the field of forest sciences. The objective of the MSc EF programme is to educate professionals who have a thorough understanding of the sustainable forest-based bioeconomy and the European business culture.

The MSc EF programme consists of 120 ECTS of obligatory and elective studies provided by the MSc EF consortium universities. The first year of studies is mainly completed at UEF, and the second year at one of the other consortium universities in Europe.

CONSORTIUM OF LEADING UNIVERSITIES

All the MSc EF consortium universities are internationally recognised for their high quality of research and education. We are located in different parts of Europe, covering a variety of landscapes and cultures: University of Eastern Finland, Finland; AgroParisTech, France; University of Lleida, Spain; University of Freiburg, Germany; University of Natural Resources and Life Sciences, Vienna, Austria; and Transilvania University of Brasov, Romania. We also collaborate closely with: Federal University of Paraná and São Paulo University in Brazil; University of British Columbia and University of New Brunswick in Canada; and Northwest A&F University and Chinese Academy of Forestry in China, as well as with several forest institutions, organisations and companies around Europe.

› MASTER'S DEGREE PROGRAMME IN EUROPEAN FORESTRY

- PROGRAMME DURATION: *2 years*
- PREREQUISITE FOR ADMISSION: *Bachelor's degree in forestry or related field*
- LANGUAGE PROFICIENCY: *English*
- PARTICIPATION COSTS: *8,500 / 4,250 EUR per year, see programme website for details*
- ERASMUS MUNDUS SCHOLARSHIPS AVAILABLE, *see programme website for details*
- PROGRAMME START: *August*
- MORE INFORMATION: *www.europeanforestry.eu*

Funded by the
Erasmus+ Programme
of the European Union

Consortium members

UPPSALA UNIVERSITET

Universitat de Lleida

UNI FREIBURG

BOKU

University of Natural Resources and Life Sciences, Vienna

WAGENINGEN UNIVERSITY & RESEARCH

Professional Enrichment

- Hands-on experience through internships
- Course structure encouraged group-work, group-discussions
- Less hierarchy
- Diverse perspectives of world forestry from participants

Professional Enrichment

- Involvement of young faculty and ex-students in teaching
- Evaluation based on individual research
- Reflection and assimilation of similarities and dissimilarities
- Eventually, a world forestry programme
- Practical experience during month-long field work across Europe

Personal Enrichment

Extraordinarily, unique experience

Exposure to world culture

Develop world-view with broader, open mind

Friendships that last even today

Travel opportunities

EURAXESS India: Science Slam

- Unique opportunity to develop scientific communication
- Self-challenge to clarify my research topic
- Preparation for Slam: Think simple! Think basic!
- Interaction with diverse, yet like-minded, peer
- Information crucial for further research collaborations

Post doctoral opportunity

Newton International Fellowship

York University

Lifelong friendship
