Declaration of Endorsement of and Commitment to the European Charter for Researchers and the Code of Conduct for the Recruitment of Researchers (Charter and Code)

The Institute of Polish Language at the Polish Academy of Sciences (IJP PAN), represented by its Director, Professor Maciej Eder, fully endorses the 40 principles of the European Charter for Researchers and the Code of Conduct for the Recruitment of Researchers.

The Institute of Polish Language at the Polish Academy of Sciences not only supports the work and development of individual researchers, but also aims to maintain the high quality of research in general. Many of the recommendations specified in both the Code and the Charter have already been put into practice in the Institute.

We believe that implementing the principles will contribute to development of the European Research Area.

The Institute of Polish Language at the Polish Academy of Sciences hereby declares its commitment to implement the principles included in the Charter and the Code via the Human Resources Strategy for Researchers (HRS4R).

Yours faithfully,

Professor Maciej Eder
