

Declaration of Commitment to the European Charter for Researchers and the Code of Conduct for Recruitment of Researchers

The Czech Technical University in Prague (CTU), represented by rector doc. RNDr. Vojtěch Petráček, CSc., welcomes and fully supports the initiative of the European Commission and the recommendations given in the *European Charter for Researchers* (Charter) and the *Code of Conduct for Recruitment of Researchers* (Code).

We, therefore, having endorsed the 40 principles of Charter and Code, notify you about our commitment to get involved into the process of implementing a Human Resources Strategy for Researchers (HRS4R) in our institution.

Many of the strategy's principles have already been implemented at CTU, the further development will continue through the ongoing project „HRAward - Development of capacity for strategic research management at CTU in Prague” funded by European Union (Operation Programme Research, Development and Education) and the Government of the Czech Republic.

We hope that this action will ensure more fair, impartial and effective environment for the scientific community at CTU.
