

Declaration of commitment to the principles of "The European Charter for Researchers" and "The Code of Conduct for the Recruitment of Researchers"

La Fundació Institut d'Investigació en Ciències de la Salut Germans Trias i Pujol (IGTP), represented by Manel Puig Domingo, having considered the general principles laid out in the European Commission Recommendation 2005/251/EC on "The European Charter for Researchers" and "The Code of Conduct for the Recruitment of Researchers", hereby express its support.

Within its legal boundaries, IGTP hereby commits itself to applying the stated principles via its human resources policies for researchers and promoting transparency, accessibility, equity and the pursuit of excellence in the recruitment of researchers.

In adhering to this recommendation, IGTP will reinforce its effort to create the best possible framework within which its researchers can develop their careers, while at the same time contributing to the development of the European Research Area.

Badalona, 20th Juny of 2017

A handwritten signature in blue ink is written over a faint, semi-transparent blue stamp. The stamp contains the IGTP logo and the text "Institut de Recerca en Ciències de la Salut Germans Trias i Pujol".

INSTITUTO DE INVESTIGACIÓN CONTRA
LA LEUCEMIA **JOSEP CARRERAS**
Por un futuro sin leucemia

Declaration of commitment to the principles of "The European Charter for Researchers" and "The Code of Conduct for the Recruitment of Researchers"

El Institut de Recerca contra la Leucèmia Josep Carreras (IJC), represented by Evarist Feliu I Frasnado, having considered the general principles laid out in the European Commission Recommendation 2005/251/EC on "The European Charter for Researchers" and "The Code of Conduct for the Recruitment of Researchers", hereby express its support.

Within its legal boundaries, IJC hereby commits itself to applying the stated principles via its human resources policies for researchers and promoting transparency, accessibility, equity and the pursuit of excellence in the recruitment of researchers.

In adhering to this recommendation, IJC will reinforce its effort to create the best possible framework within which its researchers can develop their careers, while at the same time contributing to the development of the European Research Area.
