Declaration of support for the European Charter for Researchers and the Code of Conduct for the Recruitment of Researchers

The Medical University of Silesia, Katowice, Poland (SUM) fully supports the European Charter for Researchers and the Code of Conduct for the Recruitment of Researchers and declare the implementation of the principles expressed in both documents to the SUM policy.

It has to be noted that a number of principles of the Charter and the Code have already been implemented and are common practice at the Medical University of Silesia, Katowice, Poland.

The main aims described in Development Strategy of SUM are in line with statements of the Charter and the Code. The activities of SUM are based on respect for knowledge and skills of researchers who leadership the studies, support the work of the most active researchers and their career, develop the mobility of researchers and PhD students.

The Medical University of Silesia, Katowice, Poland will undertake measures to create attractive, cohere and sustainable place of work for researchers in European Union and will promote the principles of good clinical and ethical practice in scientific research.
