Dear Sirs,

I am writing on behalf of the PRIGO University in Havířov, the Czech Republic. The primary objective of PRIGO University is to become an elite university with special prominence in European education during the upcoming decade. Internationalization and support of research are an integral part of PRIGO University's Strategic Plan. It is essential for us to respect and adhere to international principles of handling human resources at all levels of work and education.

Our educational strategy is based on the application of a unique trademark protected PriorityGO approach, a combination of individualization of teaching, modern didactic methods, and respect for the challenges of contemporary society. The fundamental element for fulfilling the goals of the PRIGO University is mainly the stable and loyal core of academics with high standard of expertise and appropriate age structure who share common visions and values.

PRIGO University having endorsed the 40 principles of European Charter for Researchers and the Code of Conduct for the Recruitment of Researchers (C&C), notify you about our commitment to getting involved in the process of implementing Human Resources Strategy for Researchers (HRS4R) in our institution.

We are in the stage of Gap Analysis development and we will continue with the revision of our University Strategy together with the development of the OTRM and Action Plan Design and another action which will be identified as necessary in the purpose.

It is our intention to by implementing C&C principles the PRIGO University aims at attracting the most outstanding researchers within the European Research Area and beyond.

Should you need any further information, please do not hesitate to contact me.

Yours faithfully,

doc. Mgr. Ing. Zuzana Machová, Ph.D.
Rector/Director
