Renewable Materials and Healthy Environments Research and Innovation Centre of Excellence – InnoRenew CoE, represented by its Director, Andreja Kutnar, PhD, fully endorses the principles of the European Charter for Researchers and the Code of Conduct for the Recruitment of Researchers.

Many of these principles have already been implemented in our institute.

InnoRenew CoE hereby declares its commitment to fully implement these principles of the Charter and the Code via the Human Resources Strategy for Researchers (HRS4R).

InnoRenew CoE not only supports the work and development of individual researchers, but aims to improve the quality of research in general through respectful support and mentoring of researchers.

We strongly believe that implementing the principles of the Charter and Code will contribute to further develop the European Research Area.

Prof. Andreja Kutnar, PhD
Director of InnoRenew CoE
