Endorsement of the European Charter for Researchers and Code of Conduct for the Recruitment of Researchers (Charter and Code)

Nevşehir Hacı Bektaş Veli University welcomes and supports the initiative of the European Commission to ensure a supportive research environment for researchers on mobility. Having endorsed the 40 principles of Charter and Code, we notify you about our commitment to implement these principles in our institution via the Human Resources Strategy for Researchers (HRS4R).

A continuous enhancement of, amongst others, working conditions and career opportunities is one of the top priorities of this university. Nevşehir Hacı Bektaş Veli University has already aligned a substantial volume of its policies and actions with the framework programmes and ERA priorities. We therefore welcome the opportunity of internal analysis in the framework of the HRS4R and aim at embedding this process in the wide array of current activities in our institution's human resources policy.

By implementing the Charter and Code principles Nevşehir Hacı Bektaş Veli University aims at attracting the most outstanding researchers within the European Research Area and beyond.

Best regards,

Prof. Dr. Mustafa Hilmi Colakoğlu

Vice-Rector
