**Declaration of Endorsement of and Commitment to the European Charter
for Researchers and the Code of Conduct for the Recruitment of Researchers
(Charter and Code)**

The Euro-Mediterranean Institute of Science and Technology - (IEMEST) represented by its President, Bartolomeo Sammartino, fully endorses the 40 principles of the European Charter for Researchers and the Code of Conduct for the Recruitment of Researchers.

The IEMEST (Euro-Mediterranean Institute of Science and Technology) hereby declares its commitment to further implement these principles of Charter and the Code via the Human Resources Strategy for Researchers (HRS4R).

The IEMEST (Euro-Mediterranean Institute of Science and Technology) not only supports the work and development of individual researchers, but also aims to maintain the high quality of research in general.

The responsible for the organisation's application and implementation process of the HRS4R on EURAXESS is Federica Fernandez, who will be the HRS4R Organisation Administrator on EURAXESS.

We strongly believe that implementing these principles of the Charter and Code will contribute to further develop the European Research Area.

Kind Regards,

President of the Institute

Prof. Bartolomeo Sammartino
