Rome, 20th March, 2024

The Department of Engineering, ICT and Technology for Energy and Transport (DIITET) of the National Research Council (CNR) of Italy, represented by its Director, Dr. Emilio F. Campana, fully endorses the principles of the European Charter for Researchers and the Code of Conduct for the Recruitment of Researchers.

Many of these principles have already been implemented in our Department.

CNR-DIITET hereby declares its commitment to further implement these principles of Charter and the Code via the Human Resources Strategy for Researchers (HRS4R).

CNR-DIITET not only supports the work and development of individual researchers, but also aims to maintain the high quality of research in general.

We strongly believe that implementing these principles of the Charter and Code will contribute to further develop the European Research Area.

Yours faithfully,

Dr. Emilio Fortunato CAMPANA, PhD
Director, Department of Engineering, ICT and Technology for Energy and Transport (DIITET)
National Research Council (CNR) of Italy
