EURAXESS Brazil & LAC Funding opportunities

Dear readers,

["EURAXESS – Researchers in Motion"](#) is a European Commission initiative focused on **researcher mobility and career development**.

Among other activities, **EURAXESS supports individual researchers in finding jobs or funding opportunities** to make their research stay in Europe a reality.

On the [EURAXESS Portal](#), we encourage you to consult the:

- [EURAXESS Job database](#) that lists thousands of vacancies from more than 40 European countries and other regions of the world.
- And the [Funding database](#) allowing you to search for the funding programme you need for your mobility or research cooperation project.

Please note that **individual researchers from Brazil and other LAC countries** can upload their CVs on the portal, register their searches and create alerts to be informed when a vacancy matching their profile has been published.

Funding organisations, including from Brazil and other Latin American and Caribbean countries can publish their jobs, funding opportunities and scholarships on the portal to increase their visibility and reach the best candidates worldwide.

To help you identify these opportunities, EURAXESS LAC regularly publishes open calls to fund researchers' mobility and cooperation with European teams. A novelty as from this edition, the list now combines funding opportunities open to both Brazil and other LAC countries. This edition is valid for November.

The jobs, grants and fellowships announced are **organised by funding organisations (including private ones)**. In section 1, you'll find calls **funded by the European Commission**, in section 2, calls launched by **individual EU member states or associated countries**, and in section 3, calls **promoted by LAC institutions** open to researchers from Latin America and the Caribbean. In section 4, you'll find all the calls that were listed in previous editions of this document and that are **still open**.

We remain at your disposal to discuss any queries you may have regarding your mobility projects.

Your EURAXESS LAC Team

EURAXESS LAC Funding opportunities is a list of open calls to fund researchers' mobility, compiled by the EURAXESS LAC team.

The information contained in this publication is intended for personal use only. It should not be taken in any way to reflect the views of the European Commission nor of the Delegations of the European Union in the region.

Please email brazil@euraxess.net or lac@euraxess.net with any comments on this list, contributions you would like to make, if you think any other colleagues would be interested in receiving this document, or if you wish to unsubscribe.

Editors: Charlotte GRAWITZ, EURAXESS LAC, Representative, Ingrid LE VAN and Daniel COSTA, Programme Officers.

HOW TO USE EURAXESS LIST OF FUNDING OPPORTUNITIES?

1. Look at the table of contents to identify the calls that may be relevant to you depending on whether they are incoming/outgoing, open to PhD candidates, post-docs, experienced researchers, are short or long term, the scientific field, country of destination, etc.
2. Click on the corresponding page number to read the full text.

Contents

Grants & Fellowships	7
1 European Union	7
1.1 Horizon 2020 – Work programme 2018-2020 and List of calls particularly interesting for Brazil and LAC countries!	7
1.2 European Innovation Council (EIC) prize for Early Warning Epidemics	7
1.3 ERC Advanced Grants (5 years research projects in Europe, all areas)	8
1.4 European University Institute (EUI, Italy) – Incoming fellowships in social sciences and humanities	8
1.4.1 Fernand Braudel Senior Fellowship	8
1.4.2 Max Weber Fellowships for junior post-docs	9
1.4.3 Jean Monnet Postdoctoral Fellowships	9
1.5 CERN fellowship programme (Incoming)	9
1.6 EMBO Fellowships on Life Sciences (incoming / outgoing)	11
1.6.1 EMBO Long-Term Fellowships	11
1.6.2 EMBO Short-Term Fellowships	11
1.7 European Southern Observatory (ESO) fellowships and studentships	11
1.8 EURAXESS Jobs	12
2 EU Member States and Associated Countries	13
2.1 National EURAXESS Portals	13
2.2 AUSTRIA (OeAW) – JESH Joint Excellence in Science and Humanities for researchers from 21 LAC countries (Incoming, short term)	13
2.3 BELGIUM – BAILLET LATOUR Health Prize Call for nominations	14
2.4 DENMARK – Industrial PhD and post doc Programmes (Incoming)	14
2.5 FINLAND – EDUFI fellowships (incoming)	14
2.6 FRANCE – INRIA International Chairs (Incoming)	14

2.12 GERMANY – BAYLAT call for research projects (Incoming and outgoing)	17
2.13 GERMANY – KHK/GCR21 Research Fellowships in humanities and social sciences (incoming)	18
2.14 GERMANY (DAAD) – Development-Related Postgraduate Courses (EPOS)	18
2.15 GERMANY (DAAD) – BRAZIL (CAPES) – Call for doctoral scholarships in Germany	19
2.16 GERMANY – BRAZIL – Capes-Humboldt Research Fellowship (Incoming, postdoc)	19
2.17 HUNGARY – Fellowships in social sciences and humanities at IAS CEU	20
2.17.1 Junior/Senior Core Fellowships	20
2.17.2 Fritz Thyssen Junior Fellowships	20
2.17.3 The Botstiber Fellowship in Transatlantic Austrian and Central European Relationships	20
2.18 ITALY – Eisenhower Fellowship Programme at NATO Defense College in Rome	21
2.19 NETHERLANDS (The Royal Netherlands Academy of Arts and Sciences – KNAW) – Visiting Professors Programme (VPP)	21
2.20 NETHERLANDS (KNAW) – Evert Willem Beth Foundation: funding for research and symposiums	21
2.21 POLAND (FNP) – International Research Agendas (Incoming)	21
2.22 SPAIN – Ikerbasque Research Professors (incoming)	22
2.23 SPAIN – COLOMBIA (ICETEX) Masters Scholarships for Colombians (Incoming to Spain)	22
2.23.1 Instituto Europeo de Posgrado (IEP)	22
2.23.2 Instituto de Educación Superior Intercontinental de la Empresa (IESIDE)	23
2.23.3 Fundación EOI (Escuela de Organización Industrial)	23
2.23.4 Universidad Francisco de Vitoria	23
2.23.5 Universidad Internacional de la Rioja	24
2.24 SWITZERLAND (SERI/ University of St Gallen) – PhD and Post-doc mobility grants to Latin America (Outgoing)	24

3. If you are eligible, look for more in-depth information on the funding organisation's website, by clicking on the blue title

1.3 [ERC Advanced Grants](#) (5 years research projects in Europe, all areas)

ERC Advanced Grants are long-term funding to pursue ground-breaking high-risk projects. They are designed to support excellent Principal Investigators at the career stage at which they are already established research leaders with a recognised track record of research achievements. This action is open to researchers of any nationality who intend to conduct their research activity in any European Member State or Associated Country.

The ERC's frontier research grants operate on a 'bottom-up' basis without predetermined priorities.

Eligibility: any nationality, any age. Applicants must be leaders in their respective field(s) of research and must demonstrate significant achievement in the last 10 years

Funding: up to € 2.5 million per grant (up to € 3.5 million in some cases)

Duration: up to 5 years

Sole evaluation criterion: scientific excellence of researcher and research proposal

Deadline: 30 August 2018. For more details on Advanced grants, see [ERC website](#)

1.4 European University institute (EUI, Italy) – incoming fellowships in social sciences and humanities

1.4.1 [Fernand Braudel Senior Fellowship](#)

Fellowships last for up to ten months in one of the EUI's four Departments which in turn invite fellows to participate in departmental activities (seminars, workshops, colloquia, etc.).

Fellows are encouraged to make contact with researchers sharing their academic interests, may be involved in the teaching and thesis supervision tasks of EUI professors, and associated with one of the research projects being carried out at the EUI.

Departments with open calls for the current call:

- Department of Economics
- Department of History and Civilization

Deadline: 30 September 2018

1.4.2 [Max Weber Fellowships for junior post-docs](#)

Max Weber fellowships are designed for junior post-docs who would like to pursue an academic career, concentrate on their own research and enhance their academic practice in a multidisciplinary environment. The Programme awards 1, 2, and exceptionally 3 year long fellowships in the fields of political and social sciences, economics, law and history.

4.2	EU Member States and Associated Countries	25
4.3	Latin America and the Caribbean	29

Grants & Fellowships

1 European Union

Useful links:

[Horizon 2020 Participant Portal](#).

International cooperation

ALL H2020 calls are open to international and more specifically Brazilian and other Latin American and Caribbean participation.

For more details on funding of applicants from non-EU countries, click [here](#).

1.1 [Horizon 2020 – Work programme 2018-2020](#) and [List of calls particularly interesting for Brazil](#) and [LAC countries!](#)

The European Union's Horizon 2020 Work Programme 2018-2020, including preliminary information on all calls to be launched until 2020 has now been published.

SEE [HERE](#) FOR CALLS SPECIFICALLY OPEN TO BRAZIL. Read [HERE](#) CONFAP and the EU Delegation to Brasilia's list of calls potentially interested for Brazil.

SEE [HERE](#) FOR CALLS SPECIFICALLY OPEN TO LAC RESEARCHERS AND INSTITUTIONS (pages 11 and 12 of the "[Roadmap for EU - CELAC S&T cooperation](#)").

[Horizon 2020](#) is the EU funding programme for research and innovation running from 2014 to 2020 with a €80 billion budget. **H2020** supports scientifically-excellent research, innovation, and technological development, through [collaborative and innovative research projects as well as grants and fellowships to individuals](#) set out in the Horizon 2020 work programme. The vast majority of this funding is allocated on the basis of **competitive calls open to applications from researchers, businesses and other interested organisations** located in any of the EU Member States or countries [associated](#) to Horizon 2020.

It is open to the world, so **Brazilian and LAC researchers** and institutions are very welcome to get involved.

The final Work Programme for Horizon 2020 covers the budgetary years 2018, 2019 and 2020, representing an investment of around €30 billion.

Access all open calls on the [Horizon 2020 Participant Portal](#) by entering the Topic ID of the call in the search engine (top-right corner of page).

Organisations from any sector and country, including LAC countries can participate in H2020 projects.

Only organisations from the Bahamas, Barbados, Brazil, Mexico and Trinidad and Tobago are not eligible for direct funding by the European Commission, unless clearly stated. It is suggested that Brazilian and Mexican organisations check their local co-funding schemes to support their participation ([here](#) for Brazil, and [here](#) for Mexico).

Please, note that all Latin American and Caribbean individual researchers are eligible to funding by MSCA and ERC.

1.2 [ERC Consolidator Grants – call open](#)

Participation of team members from LAC countries:

ERC grants support projects carried out by an individual researcher ('Principal Investigator') in the case of Starting Grants, or 2 to 4 individual researchers (under Synergy Grants) who can employ researchers of any nationality as team members. It is also possible to have one or more team members located in a non-European country. Vacancies for team members of an ERC project can be published on the [EURAXESS Jobs portal](#).

Please also check out our focus on ERC and what's in it for Brazilian & LAC researchers [here](#).

Find the ERC National Contact Points in LAC [here](#).

What are the ERC Consolidator Grants?

[ERC Consolidator Grants](#) are designed to support excellent Principal Investigators at the career stage at which they are consolidating their own independent research team. Up to €2.75 millions are available for projects of up to 5 years duration.

Who can apply?

Researchers of **any nationality with 7-12 years experience** since completion of PhD (Extensions are possible under certain circumstances — see the latest [ERC Work Programme](#)), a scientific track record showing great promise and an excellent research proposal.

How much?

Consolidator Grants may be awarded up to **€ 2 million for a period of 5 years**. (pro rata for projects of shorter duration). However, an additional € 0.75 million can be made available to cover eligible “start-up” costs for researchers moving from a third country to the EU or an associated country and/or the purchase of major equipment and/or access to large facilities.

An ERC grant can cover up to 100% of the total eligible direct costs of the research plus a contribution of 25% of the total eligible costs towards indirect costs.

Location

Research must be conducted in a **public or private research organisation** (known as a Host Institution/HI). It could be the HI where the applicant already works, or any other HI located in one of the EU [Member States](#) (see also [eligibility of UK legal entities](#)) or [associated countries](#).

Important information on the call is included in the ERC Work Programme 2019 and especially in the [call-specific Information for Applicants](#). The mandatory templates are available from the Participant Portal.

Deadline: 7 February 2019

About the [ERC](#):

Set up in 2007 by the EU, the [European Research Council](#) is the first pan-European funding organisation for frontier research. It aims to stimulate scientific excellence in Europe by encouraging competition for funding between the very best, creative researchers of any nationality and age. The ERC also strives to attract top researchers from anywhere in the world to come to Europe. It funds young, early-career top researchers ('[ERC Starting grants](#)'), already independent excellent scientists ('[ERC Consolidator Grants](#)'), and senior research leaders ('[ERC Advanced Grants](#)').

Please, note that ERC grants support projects carried out by an individual researcher ('Principal Investigator') who can **employ researchers of any nationality as team members**. It is also possible to have one or more team members located in a non-European country.

Vacancies for team members interested in joining an ERC led research project, can be published on the [Euraxess-Jobs portal](#).

1.3 [ERC Proof of Concept Grant 2019](#)

Additional ERC funding scheme for researchers of **all nationalities** who already got an ERC grant (Starting, Consolidator, Advanced or Synergy) which is either ongoing or where the project has ended less than 12 months before the publication date of an ERC Proof of Concept call. The grants are worth up to €150,000 for a duration of up to 18 months. More information [here](#).

Next deadlines: **22 January 2019, 25 April 2019, 19 September 2019**

1.4 [Marie Skłodowska-Curie Actions – Open call to select Innovative training networks \(ITN\)](#)

Innovative Training Networks (ITN) is the **main European doctoral training programme**, putting a special emphasis on non-academic sector participation and the innovation dimension. Innovative training networks bring together **complementary institutions from different countries worldwide** to train a new generation of researchers.

It is funded under the [Marie Skłodowska-Curie actions/ Horizon2020 European Union funding programme](#).

The call will be **open to consortia of organisations** such as universities, research centres or companies, that propose a research training network, including **Brazilian & Latin American institutions**. **There are three types of Innovative Training Networks:**

1. **European Training Networks (ETN)**

Joint research training, implemented by at least three partners from in and outside academia. The aim is for the researcher to experience different sectors and develop their transferable skills by working on joint research projects.

The organisations should be established in at least three different [EU or associated countries](#). Additional participants from any organisation anywhere in the world, **including Brazil & LAC** can also join a network.

2. **European Industrial Doctorates (EID)**

Joint doctoral training delivered by at least one academic partner entitled to award doctoral degrees, and at least one partner from outside academia, primarily enterprise. Each participating researcher is enrolled in a doctoral programme and is jointly supervised by supervisors from the academic and non-academic sector, where they spend at least 50% of their time.

The aim is for the doctoral candidates to develop skills inside and outside academia that respond to public and private sector needs.

The organisations should be established in at least two different [EU or associated countries](#). A wider set of partner organisations from anywhere in the world may also complement the training.

3. **European Joint Doctorates (EJD):**

A minimum of three academic organisations form a network with the aim of delivering joint, double or multiple degrees. Joint supervision of the research fellow and a joint governance structure are mandatory. The aim is to promote international, intersectoral and multi/interdisciplinary collaboration in doctoral training in Europe.

Read our guide on how Brazilian & LAC researchers, organisations and staffs can benefit from MSCA [here](#)

The organisations should be from different [EU or associated countries](#). The participation of additional organisations from anywhere in the world, including from the non-academic sector, is encouraged.

The maximum duration of an ITN project is **four years**. Calls are annual.

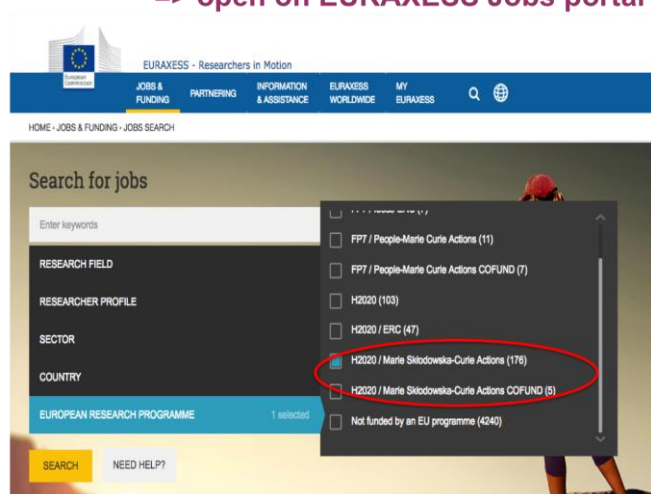

Read the [guide for applicants](#) for more details.

Deadline: **15 January 2019**.

Please, note that the call is **not open to individual researchers/students**.

Brazilian & LAC researchers interested in high quality doctoral-level training in and outside academia can apply to the PhD positions created by these networks, including Industrial Doctorate and Joint Doctorate. They are advertised on the [Euraxess Job portal](#).

**PhD in Europe (ITN/Cofund)
=> open on EURAXESS Jobs portal**

1.5 Horizon 2020 - [All Atlantic Ocean Research Alliance Flagship – Brazilian institutions funded](#)

European Union call under H2020 will be investing € 33 million to fund research in the Atlantic. In addition to being the first step towards the implementation of the commitments made by the countries in the Declaration of Belém, the call meets the United Nations' Sustainable Development Objectives, especially item 14, "to conserve and sustainably use the oceans, seas and resources for sustainable development."

This is [one of the flagship initiatives](#) launched in H2020 Work programme 2018-2020.

Proposals shall include participants from South Africa and Brazil. Under this topic, **legal entities established in Brazil are eligible for funding from the union**.

Deadline: **23 January 2019**

1.6 Doctoral training programme in Functional Advanced Materials (DOC-FAM) – 2nd call for applications

DOC-FAM is an excellence DOctoral training programme in Functional Advanced Materials awarded to the Spanish National Research Council (CSIC), coordinated through the Institute of Materials Science of Barcelona (ICMAB) in collaboration with several partner research Institutions from the area, four of them contributing to the co-funding of the programme.

ICMAB welcomes applications from the best and brightest candidates with a **degree in a field of science and engineering related to the ICMAB research activities**, for a competitive and multidisciplinary training and research **PhD programme**. The diversity of our students and the interdisciplinary research fields related to Materials Science ensure an enriching working environment to develop your professional career.

Check out the [research projects](#) offered to see if you are fit for this opportunity.

Deadline: **30 November 2018**

1.7 EuroTechPostdoc Programme – Call for Applications (Incoming)

The [EuroTech Universities Alliance](#) invites highly talented experienced researchers to submit **interdisciplinary collaborative research project proposals** for one of the fellowships provided by the EuroTechPostdoc Programme.

The **EuroTechPostdoc Programme** is a postdoctoral fellowship programme for young experienced researchers who have already demonstrated excellence and potential in their field of research.

The four universities of the **EuroTech Universities Alliance** – Technical University of Denmark (DTU), Ecole Polytechnique Fédérale de Lausanne (EPFL), Eindhoven University of Technology (TU/e) and Technical University of Munich (TUM) – will grant 80 fellowships divided over two calls for experienced researchers. Per call, each university grants 10 fellowships for a 24-month period to collaborative and interdisciplinary research projects across the Alliance.

Applicants may apply within one of the five focus research areas of the EuroTech Universities Alliance: **Health & Bioengineering; Smart & Urban Mobility; Data Science & Engineering; High Performance Computing; Entrepreneurship & Innovation.**

Applications for the second call will open 30 November 2018.

Deadline: 28 February 2019

1.8 EURAXESS Jobs

There are currently **around 5931 research job positions** (all over Europe, but also in other countries and in all disciplines) announced on the [EURAXESS Jobs database](#). Opportunities can be viewed by country, level of seniority, field or research or via free text searches.

Please note that these jobs also include **doctoral positions**, including those

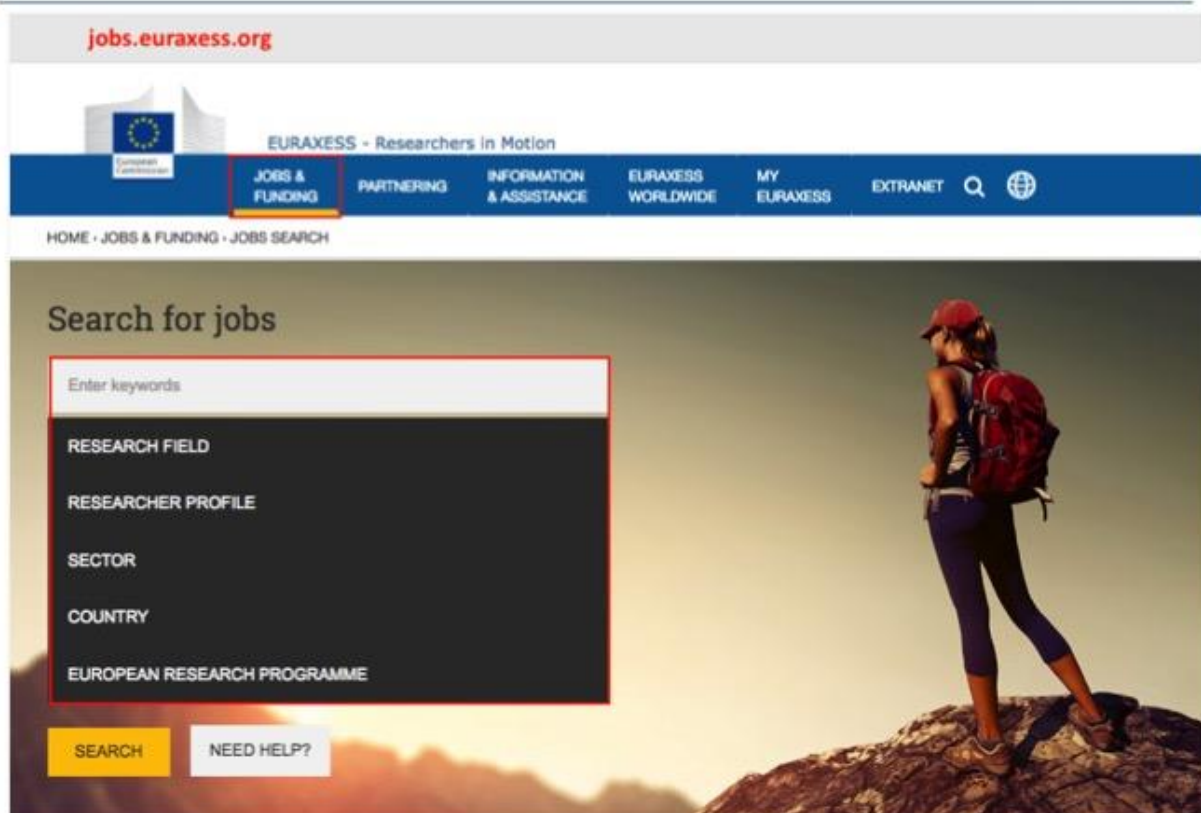

Find many other calls funded by the European Commission, Member states and associated countries and Brazil/LAC in the [still open section](#) below

<http://ec.europa.eu/euraxess>

funded by the Marie Skłodowska Curie Actions (MSCA – ITN & Cofund) and by the European Research Council (ERC). Using the “European Research Program” filter, these opportunities can be easily found.

How to find a research-related job on EURAXESS Portal?

2 EU Member States and Associated Countries

2.1 National EURAXESS Portals

The latest information on open calls for national grants and fellowships in the 40 member countries of the EURAXESS network can be accessed on the respective **national EURAXESS portals**:

[Austria](#), [Belgium](#), [Bosnia-Herzegovina](#), [Bulgaria](#), [Croatia](#), [Cyprus](#), [Czech Republic](#), [Denmark](#), [Estonia](#), [Faroe Islands](#), [Finland](#), [France](#), [Macedonia](#), [Germany](#), [Greece](#), [Hungary](#), [Iceland](#), [Ireland](#), [Israel](#), [Italy](#), [Latvia](#), [Lithuania](#), [Luxembourg](#), [Malta](#), [Moldova](#), [Montenegro](#), [Netherlands](#), [Norway](#), [Poland](#), [Portugal](#), [Romania](#), [Serbia](#), [Slovakia](#), [Slovenia](#), [Spain](#), [Sweden](#), [Switzerland](#), [Turkey](#), [UK](#).

Find out about all the free services EURAXESS provides to researchers and employers. You can save time and money by using [more than 500 EURAXESS Centres and contact points](#) around Europe to help you with a range of issues including visa requirements, work regulations, taxation and social security.

<http://ec.europa.eu/euraxess>

2.2 AUSTRIA - [Institute of Science and Technology \(IST\) PhD programme \(Incoming\)](#)

Institute of Science and Technology

The IST Scholar programme is **partially funded by the European Commission**.

Top-ranked students who fulfil the mobility criteria will also be **Marie Skłodowska-Curie Fellows**.

WHO ? Open to highly qualified students from all disciplines of the **natural sciences, mathematics, computer sciences** and any related interdisciplinary areas.

Currently active fields of research include **biology, neuroscience, physics, mathematics, data science & computation and computer science**.

Applicants must hold a **Master's or Bachelor's** degree or anticipate the completion of the degree before September 2017. Participating students are expected to be proficient in written and oral English.

Deadline: **8 January 2019**

2.3 AUSTRIA - [Young Scientists Summer Programme at IIASA \(Incoming\)](#)

Applicants from all countries are welcome, although IIASA gives priority to citizens or residents of [NMO countries](#), including Brazil and Mexico

The International Institute for Applied Systems Analysis IIASA's annual **3-month Young Scientists Summer Programme (YSSP)** in Austria offers research opportunities to talented **PhD students** whose interests correspond with IIASA's ongoing research on **issues of global environmental, economic and social change**.

The program is designed for PhD students (ideally about 2 years prior to receiving their PhD) working on a field compatible with ongoing research at IIASA and a wish to explore the policy implications of their work.

The programme offers a wide range of scientific events, including both social and natural sciences, often with important policy dimensions.

From **June through August** accepted participants work within the Institute's [research programs](#) under the guidance of IIASA scientific staff.

Deadline: **11 January 2019**

2.4 AUSTRIA – [Marietta Blau PhD Grant \(Outgoing\)](#)

Looking for scholarships or research grants in Austria?

Check <https://grants.at/en/> out

The Marietta Blau Grant offers financial support for doctoral or PhD students of Austrian universities to carry out the abroad part (6-12 months) of their doctoral programme: the grant enables scientific research worldwide in the following fields:

- Natural Sciences
- Technical Sciences
- Human Medicine, Health Sciences
- Agricultural Sciences
- Social Sciences
- Humanities

Monthly grants of 1,500 Euros are given under this programme. The next application deadlines are **1 February & 1 September 2019**.

2.5 DENMARK - [H.C. Ørsted postdoc programme \(Incoming\)](#)

This project has received Funding from the European Union's Seventh Framework Programme and Horizon 2020 Research and Innovation Programme under Marie Skłodowska-Curie Actions grant no. 713683 (H2020)

The **Technical University of Denmark** (DTU) invites highly talented **experienced researchers** who have achieved outstanding results in their research while demonstrating excellence and potential in their field to apply for one of the fellowships under the H.C. Ørsted Postdoc programme, co-funded by Marie Skłodowska-Curie Actions.

Eligibility:

- Mobility rule: At the time of recruitment (1 July) applicants must not have resided or carried out their main activity in Denmark or at DTU for more than twelve (12) months in the three (3) years immediately prior to time of recruitment (excl. holidays and short visits);
- Successful applicants must move to Denmark by the time of employment at the latest;
- The applicant must, by the time of recruitment (1 July), be in possession of a doctoral degree or have at least 4 years of full-time equivalent research experience;
- Applicants must have arranged in advance a research plan with a host at DTU

Programme areas:

- Mathematics, physics, space research and informatics
- Chemistry, chemical engineering and energy
- Photonics and communication
- Construction, production, wind, buildings and transportation
- Life science and biotechnology

Applications will open on December and deadline will be around February 2019

2.6 DENMARK - [Danida Mobility Grants \(incoming\)](#)

The grants aim to facilitate the creation and development of international networks and research collaboration through research stays in Denmark by researchers from the growth and transition countries (involved in the Strategic Sector Cooperation), among them **Brazil, Colombia, Mexico**.

Eligibility: PhD holders in the areas mentioned above.

Deadline: The call will be open in 2018 as long as funds remain.

2.7 FRANCE – [Invited Scholars Fellowships at IHEAL \(Incoming\) in social sciences](#)

The Institute of Latin American Studies (IHEAL - University Sorbonne Nouvelle-Paris 3) is calling for Invited professors **in all fields of social science**. History, Geography, Anthropology, Sociology, Economy and Political Science. For the academic year of 2019-2020, courses in Geography and Anthropology, or focused on Central America, the Caribbean and the Andean countries are highly preferred. Visiting scholars may be invited to teach within the IHEAL's new Masters' program LAGLOBE (Latin America and Europe in a Global World), which benefits from the European Union support..

WHO? **Open to foreign researchers and professors** (from North America, **South America** and Europe) who specialise in the **study of Latin-American societies** and work in universities in these regions.

Deadline: **15 November 2018**

2.8 FRANCE - [ATIP-AVENIR 2019 programme](#) CNRS-Inserm (Incoming)

WHO? open to **young scientists of all nationalities**, who have defended their PhD (or equivalent doctoral degree) within the last 10 years

WHAT? 3-year grant. Can be extended for an additional 2 years.

Projects must relate to **Life Sciences or Health**. Interdisciplinary projects allying biology to mathematics, physics, informatics, chemistry, public health will be examined with a particular attention.

Deadline: **15 November 2018**

2.9 FRANCE - [Eiffel excellence scholarships 2019](#) (Incoming)

The Eiffel Excellence Scholarship Program was established by the French Ministry for Europe and Foreign Affairs to enable French higher education institutions to attract top foreign students to enroll in their masters and PhD programs.

The Eiffel Excellence Scholarship Program is awarded to two types of studies:

- Masters level, for a duration between 12 and 36 months;
- Doctorate or PhD level, for research periods in France of up to 12 months, as part of a cotutelle or joint doctoral thesis supervision (preferably in 2nd year of PhD).

Eiffel scholarships are available in four main fields:

- Law studies;
- Economics and management;
- Engineering sciences at master's level, Science in a broad sense at PhD level (engineering sciences; exact sciences: mathematics, physics, chemistry and life sciences, nano and biotechnology, earth sciences, sciences of the universe, environmental sciences, information and communication science and technology);
- Political sciences.

Eligibility: **All nationalities except French**. Applicants must be no more than 30 years old for masters, 35 years old for PhD.

Note that applications must be submitted by the French higher education institutions.

Deadline: **11 January 2019**

The Eiffel grant program is financed and managed by France's Ministry of Foreign Affairs and International Development (MAEDI). Designed to help French higher education institutions attract the best possible applicants in the face of stiff international competition, the program promotes excellence through preselection of top international applicants by the institutions and final selection of winners by an expert panel - a double assurance of quality.

2.10 GERMANY - [PhD at Berlin Mathematical School \(Incoming\)](#)

The Berlin Mathematical School (BMS) is a joint graduate school of the mathematics departments of the three major Berlin universities: Freie Universität (FU), Humboldt-Universität (HU) and Technische Universität (TU). The BMS has been funded under the German "Excellence Initiative" since October 2006.

The Berlin Mathematical School offers a fast-track doctoral program in the rapidly developing scientific landscape of Berlin presenting an exciting variety of possibilities both for mathematical research and graduate education. As a BMS student, you will join a diverse community of fellow **graduate students coming from about 50 countries around the world of which more than 30% are women.**

BMS offers:

- A broad range of courses
- Pure and applied mathematics
- Full course program in English
- Scholarships
- Funding for conferences and summer schools
- Mentoring program and soft skills training
- Funding for students with children

BMS accepts applications for admission from talented students completing their Bachelor's degree or above.

Deadlines: **1 December 2018** (for applications with scholarship request); Late application deadline (limited number of scholarships available): **1 April 2019**.

2.11 GERMANY – [Humboldt Foundation International Climate Protection Fellowship for young climate experts from developing countries \(Incoming\)](#)

Spend a year working with a host of your choice in Germany on a research-based project you have developed yourself in the field of **climate protection** and climate-related resource conservation

ELIGIBILITY:

- 20 fellowships for future leaders from a non-European transition or developing country, **including Brazil and several other LAC countries.**
- Researchers active in any of the following areas: **scientific, engineering-based, legal, economic, health-related or social aspects of climate change**

FUNDING:

- a monthly fellowship of between **€2150 and €2650**, depending on your qualifications
- individual mentoring during your stay in Germany
- additional financial support for items such as family members accompanying you, travel expenses or a German language course
- a three-week introductory phase, during which you will have the opportunity to make contact with other climate protection fellows and visit companies, research institutions and cultural events in Germany
- extensive alumni sponsorship, particularly to help you sustain contact with collaborative partners in Germany during your entire professional career

Deadline: **1 March 2019**

CLICK ON [BLUE TITLES](#)
FOR MORE INFORMATION

2.12 GERMANY - [Max Planck call for PhD and Post-doc](#) Smart IP for Latin America (Incoming)

Aimed at **Latin American doctoral and postdoctoral researchers** specialised in **intellectual property and competition law** interested in conducting research stays initially in Germany and later in Buenos Aires.

Duration: Six months in Germany and two years in Buenos Aires.

Funding: Flight expenses for the interview.

Eligibility: One vacancy for a PhD candidate, one for a Senior researcher (post doc), whose research focuses on intellectual property issues, preferably with knowledge in competition law.

Languages: Spanish and English (fluent), preferably with knowledge of Portuguese.

Availability to travel, mainly in Latin America. Application

Details: [PhD vacancy](#) / [Post-doc vacancy](#)

Deadline: **12 November 2018**

2.13 GERMANY - DAAD: [Short term Research Grants](#) (incoming)

Interested in Germany?
Check scholarships and grants in the country in the [DAAD database!](#)

DAAD research grants provide foreign doctoral candidates including **Argentinians, Brazilians, Chileans, Colombians, Mexicans and many more LAC countries** and young academics and scientists with an opportunity to carry out research or continue their education in Germany. The primary aim of this programme is to promote research projects within the context of doctoral programmes.

Eligibility: Excellently-qualified doctoral candidates and young academics and scientists who have completed a Master's degree or Diplom, or in exceptional cases a Bachelor's degree at the latest by the time they begin their grant-supported research, or those who have already completed a PhD (postdocs). Doctoral candidates who are already doing their doctorate at a German university cannot apply.

What can be funded? A research project or course of continuing education at a state or state-recognised institution of higher education or a non-university research institute in Germany, which is being carried out in coordination with an academic adviser in Germany.

Duration: One month to a maximum of six months

Value: €850 for graduates, € 1,200 for doctoral candidates and postdocs

Deadline: **1 December 2018** for stays to be carried out between 1 May 2019 and 31 January 2020. **1 April 2019** for stays to be carried out between 1 September 2019 and 30 April 2020.

2.14 GERMANY – Costa Rica: [Central America Call for Scholarship Applications 2019 for Master studies at The University of Costa Rica \(UCR\)](#), incoming and outgoing

Funded by the German Federal Ministry of Economic Cooperation and Development (BMZ).

Field: Sociology / Duration: 24 months

Funding:

- Payment Amount Tuition fees annually USD 4,000.00
- Study and research allowance annually EUR 460*
- Printing allowance once at the end EUR 400*
- Monthly Scholarship (Accommodation, Food etc.) monthly EUR 668*

Travel allowance (In-Region only) twice (beginning/ end of scholarship). The flat rate travel allowance will be specified in the letter of award Insurance monthly The insurance fee will be paid directly to the insurance company. Family Allowance (additional application requested) monthly EUR 270*.

Additional benefits: DAAD In-Region scholarship holders are also encouraged to apply for a research stay in Germany for 2 up to 6 months. Please note: The short-term research stay in Germany should preferably be announced in the application for the regular scholarship and can only be awarded if the necessary financial means are available.

Deadline: **20 December 2018**

2.15 ISRAEL - [Dan David Prize and Scholarships](#) (Incoming)

The Dan David Prize awards scholarships to **doctoral and postdoctoral researchers** doing research in the following selected fields:

- Past: Macro History
- Present: Defending democracy
- Future: Combating climate change

The Dan David Prize laureates annually donate **twenty scholarships of US\$15,000** each to outstanding doctoral students and postdoctoral researchers of exceptional promise in the selected fields for the current year. **Ten scholarships** are awarded to students at universities throughout the world and ten scholarships to students at Tel Aviv University.

Scholarships are granted according to merit, without discrimination based on gender, race, religion, nationality, or political affiliation.

Deadline: **10 March 2019**

2.16 NETHERLANDS – [Neso Nuffic Orange Tulip Scholarship exclusively for Mexicans](#) (Incoming)

The Orange Tulip Scholarship Programme (OTS) gives talented students in several Neso countries the opportunity to study in the Netherlands. It is offered by higher education institutions, multinationals and government institutions.

Several institutions of higher education in the Netherlands decided to reserve scholarships exclusively for Mexicans.

The 2019/2020 call will open on 8 november 2018 – more details soon!

To apply for one of the scholarships, it is necessary that you first start the admission process directly with the university.

If the university you chose is not on the list of participating institutions that does NOT mean that this university does not offer scholarships. It only means that they did not reserve scholarships exclusively for Mexicans; You will have to compete with students of other nationalities. Check the university's website for more information.

Deadlines vary according to the desired university.

Check the universities confirmed for the 2019/2020 call [here](#).

2.17 NETHERLANDS - [Holland Scholarships](#) for Bachelors and Masters candidates (Incoming)

The Holland Scholarship is financed by the Dutch Ministry of Education, Culture and Science as well as several Dutch research universities and universities of applied sciences. This scholarship is meant for international students from outside the European Economic Area (EEA) who want to do their bachelor or master's in the Netherlands.

Deadlines: either 1 February 2019 or 1 May 2019, depending on the host institution.

2.18 NETHERLANDS - [Orange Tulip Scholarship Brazil Programme](#) (Incoming)

The Orange Tulip Scholarship Brazil programme is specially aimed at **Brazilian students** with academic excellence.

Orange Tulip Scholarship Brazil consists of **scholarships (full or partial) on the tuition fee**, and in some cases covers other costs (e.g. visa costs and insurance). The programme covers **full baccalaureate, senior year of graduation, MBA and full masters degree in several areas of study**. All grants are for courses **fully taught in English** and of internationally recognised quality.

Orange Tulip Scholarship - OTS Brazil 2019 in a nutshell:

- +70 scholarships only for Brazilians
- +30 participating institutes
- Levels of study: Undergraduate, Postgraduate (MBA and Masters)
- Courses in the areas of: Arts, Biological Sciences and Health, Exact Sciences, Technological Sciences and Humanities
- Benefits of up to 50,000 Euros in tuition fees + cost aid

Deadline: **February or May 2019**.

Be aware of the **deadline established by the university you are applying for** and finalise the admission process for Orange Tulip Scholarship by the deadline defined by the institution (which may be before or after 1 April 2019). List of [participating universities](#).

Curious about all scholarships available in the Netherlands? Check out the complete current opportunities list [here](#). You can filter the scholarships by your country of origin.

2.19 NETHERLANDS - [Innovational Research Incentives Scheme Veni \(Incoming\)](#)

Want to take your research career to the Netherlands? Check other funding instruments by the NWO [here](#).

The Netherlands Organisation for Scientific Research (NWO) has Veni as part of the Incentives Scheme. It allows researchers who have **recently obtained their PhD to conduct independent research** and develop their ideas for a period of three years.

WHAT? grants of **EUR 250,000** to conduct independent research for a period of **three years. All fields** are covered by this scheme.

WHO? The grant is open to **researchers who have recently obtained their PhD** (within the last three years). Researchers from outside the Netherlands can apply, but the project to be funded should be carried out at a Dutch institution recognised by NWO.

Deadline: **8 January 2019**

2.20 SPAIN - [BIST Post-doctoral Fellowship Programme \(Incoming\)](#)

BIST has received funding from the European Union's Horizon 2020 research and innovation programme under the Marie Skłodowska-Curie grant agreement No. 754510

PROBIST is a post-doctoral fellowship Programme led by the Barcelona Institute of Science and Technology. Altogether, **61 fellowships** will be awarded and implemented in top research in the Barcelona and Tarragona area (Spain).

BIST brings closer together seven independent Catalan internationally recognized research centres. The centres participating in the PROBIST programme are:

- The Institute of Photonic Sciences ([ICFO](#))
- Institute of Chemical Research of Catalonia ([ICIQ](#))
- Catalan Institute of Nanoscience and Nanotechnology ([ICN2](#))
- Institute for High Energy Physics ([IFAE](#))
- Institute for Research in Biomedicine ([IRB Barcelona](#))

Also affiliated to BIST, but not directly participating in PROBIST, are:

- Centre for Genomic Regulation ([CRG](#))
- Institute for Bioengineering of Catalonia ([IBEC](#))

PROBIST will offer fellows the opportunity to opt for secondments from a pool of international institutions with which BIST centres have institutional agreements or collaborations. The fellowships are granted for 3 years including:

- An annual gross salary of 36.000€ plus a single payment of 1.500€ relocation support (Spanish tax and social security deductions apply),
- Close mentoring and supervision through prestigious senior researchers,
- A personalized career development plan,
- A training programme for scientific and transferable skills.

Eligibility: Applicants from **all nationalities** are accepted and must be in possession of a **PhD degree** at maximum **May 1st 2019**.

Deadline: **26 November 2018**

2.21 SPAIN - [Santander Iberoamerica Scholarships for Young Professors and Researchers](#), incoming to Spain or Portugal or Latin America

Promoted by the Santander Bank with the aim of strengthening the mobility and exchange of young professors and researchers and doctoral students among Ibero-American universities and research centers.

Santander will make the corresponding contributions to the Participating Universities so that each one of them can finance the Scholarships to be received by the scholarship holders in accordance with this Program. Regardless of the usual channels that the Participating University uses for the management of its scholarships, it will be an essential requirement to allow the participation of students in the beneficiary selection processes, its registration through the link on the website www.becas-santander.com. The Participating Universities must sign the pertinent bilateral agreements of recognition of studies, reciprocity and collaboration with the universities of destination, which facilitate the best academic achievement of the beneficiary students.

Eligibility:

- Be a doctoral student, teaching staff and / or researcher of universities with a valid collaboration agreement with Santander Universities.
- Be less than 35 years of age and be linked to the university or partner institution of Santander Universities, whether civil servants or contractually.
- Have a minimum average of 8.5 or its equivalent at the time of application.

Deadline: **28 November 2018**

2.22 SPAIN – COLOMBIA (ICETEX) [Masters Scholarships for Colombians \(Incoming to Spain\) at INSTITUT UNIVERSITARI DE CIÈNCIA I TECNOLOGIA - IUCT](#)

Under the agreement signed with the ICETEX, INSTITUT UNIVERSITARI DE CIÈNCIA I TECNOLOGIA funds 50% tuition fees of its **Masters programmes in various areas of the social sciences and humanities**, for up to **2 Colombian students**.

Duration: 7 months

Eligibility: The programme is aimed at university professionals in chemical engineering, industrial engineering or related areas, who have professional experience in the area of the programme or work in public or private entities on issues directly related to the area of the programme to be carried out.

- Applicants must be between 23 - 65 years old,
- Have a minimum average of undergraduate grades of 3.7 / 5.0;
- Have at least 1 year of professional experience in the area of the programme to be performed,

Deadline: **29 January 2019**

2.23UK – [Alan Turing Doctoral Studentship](#) (Incoming)

The Alan Turing Institute is the national institute for data science, headquartered at the British Library.

Five founding universities – Cambridge, Edinburgh, Oxford, UCL and Warwick – and the UK Engineering and Physical Sciences Research Council created The Alan Turing Institute in 2015.

The Alan Turing Institute PhD programme offers all the benefits of completing a PhD at a world-class university, as well as a unique opportunity to study in a collaborative research space. Through our studentships, the Institute hopes to further our ambitious goal of training the leaders of the future.

Studying at the Institute offers students a unique opportunity to undertake a **data science focused PhD** in a multidisciplinary environment where more than 400 researchers from different disciplines work side-by-side. Studentships at the Turing support graduates to enrich their research through interdisciplinary engagement with the wider data science community and the world at large. Students may propose original projects in line with any of the topics core to data science and The Alan Turing Institute's strategic [challenges](#).

Open to **all nationalities**.

Studentships include a generous tax-free stipend of £20,500 per annum, a travel allowance and tuition fees for a period of 3.5 years.

Applications from graduates whose research spans multiple disciplines and applications are particularly welcome.

Deadline varies according to the university.

2.24UK (Royal Academy of Engineering) – Colombia (Promigas): [Industry-academia partnership call](#) incoming and outgoing

Under its remit as a delivery partner of the Newton-Caldas Fund, the Academy has partnered with [Promigas](#) to strengthen capacity and develop capabilities within Colombian engineering higher education and research institutions to enhance their engineering education, research and innovation output through strengthening industry linkages and leveraging UK expertise.

The lead applicant will be an individual at a Colombian university which must propose a means of collaboration with co-applicants that meet the above-identified Programme outcome areas. Co-applicants must include at least one local industry partner and at least one UK university or research institution partner. Additional partners are not obliged but are encouraged, especially the involvement of UK industry partners. Industry partners are defined broadly and may be institutions of any size within private, public or NGO sectors.

Funding

- grants of up to £50,000 to support travel, subsistence and salary support costs related to conducting collaborative activities amongst industry and academic partners in Partner Countries and the UK. The grant value requested must be at least 50% matched in funding or in-kind resources by the applying consortia. Additional matched funding above 50% will be viewed positively, being further evidence of the value placed on the collaboration and its potential for impact.
- As a result of the call, a series of grants in the range of GBP £10,000 to GBP £50,000 will be issued.

Duration: will not exceed 24 months, including all project activities and final reporting.

Funding to be awarded to a single partner which can either be the lead Partner Country university OR the lead UK academic institution

Selected applicants will also benefit from access to secondments, trainings and facilities access offered by [Promigas](#).

Applications can only be submitted by the lead institution and must be submitted via the Academy's online grants system.

Deadline: **12 December 2018**

2.25 INTERNATIONAL - [Society in Science: the Branco Weiss Postdoctoral Fellowship](#)

The
Branco Weiss
Fellowship
Society in Science

The Branco Weiss Fellowship – Society in Science is a unique postdoc program. It awards young researchers around the world with a generous personal research grant, giving them the freedom to work on whatever topic they choose anywhere in the world, for up to five years.

A Branco Weiss Fellowship consists of **CHF 100,000 per year**. It may be used to cover all legitimate costs of research (i.e. salary and/or equipment, travel expenses, consumables, personnel, etc.).

The ideal applicant has the competencies to design a surprisingly novel and scientifically rigorous research project which blazes new trails, profiting from the freedom uniquely offered by the fellowship.

You are eligible for the 2019 campaign if:

- You officially hold a PhD on January 15, 2019
- You were born after December 31, 1984
- Your project departs from the mainstream of research in your discipline
- You have a record of outstanding scientific achievement
- You demonstrate in the proposal a willingness to engage in a dialogue on relevant social, cultural, political or economic issues across the frontiers of your particular discipline

Deadline: **15 January 2019**.

3 Latin American and the Caribbean

3.1 BRAZIL (CAPES) – [Chair in the University of Münster in Biopharmaceuticals](#)

This programme offered by CAPES will grant scholarships to researchers or professors of high level and of notorious recognition by the academic and scientific community in Brazil and abroad to perform a research stay in the University of Münster in Germany.

WHO? The candidate must be a specialist in the following priority knowledge area of the Program: **Biodiversity of poisons as a source of biopharmaceutical products.**

The research stay can vary **from 3 to 12 months.**

Deadline: **31 December 2018.**

3.2 BRAZIL (FAPESP) – [SPRINT Call for Proposals – 4th call 2018](#)

FAPESP has some rolling-basis calls that comprise European partnerships. Check them out [here](#).

SPRINT (**S**ão **P**aulo **R**esearchers in **I**nternational **C**ollaboration) calls offer seed funding to support the exchange of researchers. The new call details the conditions to submit proposals for the mobility of researchers with the following European institutions that hold cooperation agreements with FAPESP:

- [Brunel University London](#), United Kindom
- [Leiden University](#), Holland
- [Lund University](#), Sweden
- [Universität Hamburg](#), Germany
- [University of Southampton](#), United Kindom

There are three possibilities for designing the Proposal in International Collaboration:

- Proposals in partnership with researchers funded by institutions which have a current Agreement for Collaboration with FAPESP and participate in this SPRINT edition;
- Proposals in partnership with researchers funded by institutions which do not have a current Agreement for Collaboration with FAPESP;
- Proposals in partnership with researchers funded by institutions which have a current Agreement for Collaboration with FAPESP, but the institutions are not joining the current SPRINT edition.

Eligibility: Principal Investigators of on-going research projects funded by FAPESP within the following FAPESP funding modalities: Regular Research Awards (excluding mobility projects), Thematic Projects, Young Investigators, Research, Innovation and Dissemination Centers (CEPIDs/RIDCs), Public Education Research Program, Research in Public Policies, and Research Partnership for Technological Innovation (PITE). Co-Principal Investigators of on-going Thematic Projects, CEPIDs/RIDCs and PITEs are also eligible to apply.

Deadline: **28 January 2019**

The Trans-Atlantic Platform aims to enhance the ability of funders, research organizations and researchers to engage in transnational dialogue and collaboration. Researchers must follow the T-AP SI Call for Proposals and its addenda for details regarding eligibility, application, funding, selection criteria, proposal preparation and submission as published on the T-AP website: <https://www.transatlanticplatform.com/>.

3.3 BRAZIL (FAPESP) – [Trans-Atlantic Platform \(T-AP\) Social Innovation Call for Proposals 2018](#)

The [Trans-Atlantic Platform \(T-AP\)](#) is a collaboration among key **humanities and social science funders** in Europe and the Americas. T-AP aims to enhance transnational research collaboration and has identified, with the help of the social sciences and humanities research communities, a series of common challenges and strategic priority areas where such collaboration will bring added value.

The multi-national and trans-Atlantic projects funded under this call are expected to both add to understandings of social innovation and deliver social innovation(s) through new research.

Applicants must apply as a transnational research project partnership, and partner with a number of national research teams based in the participating T-AP SI countries listed above. Each project must:

- comprise at least three eligible research partners requiring financial support from funders located in three different T-AP SI participating countries;
- include research partners from both sides of the Atlantic, i.e., from Europe 2 and the Americas;
- ensure teams in each country are led by an eligible Principal Investigator and designate one of the Principal Investigators as the project's Lead Principal Investigator; and
- if the project is requesting funds from more than one funding organisation within the same country, only one Principal Investigator may be designated as the lead for that country.

Deadline: **14 February 2019**

3.4 BRAZIL – [CNPq/SNSF \(Switzerland\) joint call](#)

The goal of the call is to support joint research and development projects aimed at contributing significantly for Brazil's scientific and technological development and innovation in the scientific-technological cooperation between Brazilian and Swiss groups, on topics prioritized for collaboration.

The purpose of this call is to select joint research and development projects with the collaboration of Brazilian and Swiss groups on the themes of mutual interest prioritized by CNPq and SNSF. Projects should be inserted in the following Themes or Research Lines:

- Information and Communication Technology
- Water resources related to environmental issues

The approved proposals will be financed by the Brazilian side with resources of **BRL 3,000,000.00** (three million Reais), to be released in accordance with the budgetary and financial availability at CNPq. Each proposal will receive funding maximum of **BRL 400,000.00** (four hundred thousand Reais).

PhD sandwich scholarships can be financed.

Deadline: **23 November 2018**

3.5 COLOMBIA (Universidad del Rosario) - [Full-time Assistant Professor in Political science and Government](#), incoming

Universidad del Rosario is accredited by the National Ministry of Education as a high quality

institution ranked within the top 5 universities among 23 accredited institutions in Colombia and is an equal opportunity/affirmative action employer. Women, minorities, and persons with disabilities as well as other protected groups are encouraged to apply.

The School of Political Science, Government and International Relations at Universidad del Rosario, located in Bogotá, Colombia, invites applications for a **full-time Assistant Professor** position, beginning June/July 2019.

Successful candidates will be expected to conduct teaching activities at the undergraduate and graduate levels, develop research projects and publications, and participate in the activities and institutional development of the School and the University.

Eligibility

A Ph.D. in Political Science, Government, Public Policy or related fields is required. Candidates with teaching and research experience qualifying above the assistant professor category, as well as those with a dissertation defense date prior to July 2019, will also be considered.

Please include the following information when applying for this position:

1. Letter of Interest
2. Curriculum Vitae
3. Research writing sample
4. Two letters of recommendation
5. Sample syllabi (two)
6. Proof of proficiency in a second language

Contact

Interested applicants should send their documents as Word or PDF file attachments to the Acting Dean and Director of Research, arleneb.tickner@urosario.edu.co,

Deadline: 1 December 2018

4 Calls still open

(Click on the blue links or see [previous EURAXESS LAC lists of funding opportunities](#) for more details)

European Research Council

Established by the European Commission

Check out our Guide on how researchers from LAC can benefit from the ERC funding and cooperation schemes at http://bit.ly/FocusERC_CELAC

The Erwin Schrödinger programme is co-funded by the European Union.

**Wallonie - Bruxelles
International.be**

4.1 European Union

[European Southern Observatory \(ESO\) fellowships and studentships: Postdoctoral Fellowships](#) for outstanding early-career scientists to further develop their independent research programmes in **Astronomy** for 3-4 years. Deadline **15 October 2018**. [ESO Studentship Programme](#) is open to students enrolled in a university Ph.D. programme, preferentially but not necessarily in an ESO member state in astronomy or related fields. Next Deadline: **15 November 2018**

[EMBO Short-Term Fellowships](#) to fund research **visits of one week up to three months** between laboratories. In LAC, the only eligible country is **Chile**. Deadline: **rolling basis**.

[Erasmus+ Joint Master Degrees](#) (JMD) are offered by an **international consortium of higher education institutions**. Students from anywhere in the world at **master's level can apply for these degrees** and one of the approx. **15 student and 4 guest lecturers scholarships**. **Deadlines: various** (depending on each consortium's rules for application. Most consortia will require applications to be submitted between October and January, for courses starting the following academic year.)

4.2 EU Member States and Associated Countries

AUSTRIA - [ÖAW offers 38 000 Euros PhD Fellowship](#) for all nationalities and in all areas of research (including outgoing mobility). Open to **doctoral candidates** of all ages writing their **thesis at an Austrian university**. **No deadline for submission**.

AUSTRIA - [Institute of Science and Technology call for professors](#) for internationally accomplished scientists in all areas. Deadlines: **On-going for Professor applications**.

AUSTRIA - [Lise Meitner Programme for Scientists from Abroad](#). WHO: Highly qualified scientists of any discipline with an invitation from an Austrian research institution. Applications accepted continuously, **no application deadlines**.

AUSTRIA - [Erwin Schrödinger Outgoing Fellowship](#) (Outgoing) including a return phase. Post-doctoral fellowships at **leading foreign research institutions** for young and especially highly qualified post-doc scientists of any discipline. Applications accepted continuously, **no application deadlines**.

BELGIUM (Wallonie-Bruxelles) - [Ulysse incoming Mobility \(Incoming\)](#) For a highly qualified researcher to lead a research team at Wallonie-Bruxelles Federation (WBF) university. Employment contract for 3 years. Deadline: **rolling basis**.

BELGIUM (Wallonie-Bruxelles) - [F.R.S-FNRS Post-doctoral temporary incoming fellowship*](#) (up to 3 years) for a non-Belgian PhD holder (with maximum 6 years of experience). Deadline: **rolling basis**

BELGIUM - [FWO outgoing mobility opportunities](#). Grants supporting international contacts between research groups.

- [Travel Grants for Short Stays Abroad](#) (**Max. 1 month, outgoing**)
- [Grant for participation in a conference abroad](#)
- [Grant for participation in a workshop or course abroad](#)
- [Travel Grants for Long Stays Abroad](#) (31 days to 12 months) for researchers affiliated with a university in the Flemish community or

belong to the scientific staff (of the Dutch-speaking community) of a federal or Flemish scientific institute.

Deadline for all grants: **no later than 3 months prior to the departure date.**

BELGIUM (Flanders) - [Scholarships for incoming Master](#). Full scholarships funded by VLIR-UOS to follow a training or Master programme at a Flemish university or university college. Applicants must apply to the [master programme of their choice](#), mentioning they also apply for a scholarship. Open to **national and resident of one of the 54 eligible countries** in Africa, Asia and Latin America. Deadline: depends on the Master programme.

ESTONIA - [Mobilitas Pluss Support for study visits and training abroad](#) for 100 researchers to attend international training events of both ETAg and its partners abroad. Deadline: **Continuous**

ESTONIA – [Dora Plus programme \(incoming / outgoing\)](#). **Outgoing**: Support to short-term study mobility for Master's students and doctoral students from higher education institutions in Estonia. **Incoming**: Foreign Master's students and doctoral students for short-term teaching and research work in Estonia (1-10 months). Applications: **On-going**

FINLAND - [EDUFI fellowships \(incoming\)](#) open to PhD students who will be doing their Doctorate (or Double Doctorate) at a Finnish university. Visiting PhD students and researchers who are doing their Doctorate degree at a foreign university can also be eligible. The scholarship period may vary from **3 to 12 months**. Applications accepted on a **rolling basis**.

FINLAND - [CIMO Fellowships](#). WHO? **Young doctoral level students and researchers from all countries and from all academic fields. No application deadline.**

FRANCE – [AXA Chairs](#). For institutions located within countries [where the AXA Group has insurance operations](#) (**most LAC countries included**) ; **€120 000** per year for 5 years. Deadline for requesting a slot: 24 October 2018 & **deadline for application submission : 22 November 2018**

FRANCE – INRIA [The "Internships" Programme \(Incoming\)](#): Research training experience for students from all over the world; **Undergraduate, masters or PhD students** come and spend a few months in an Inria research team; **2-6 months** with fixed remuneration around **500€ per month**. Deadline: check on website

FRANCE – [15 Postdoctoral Fellowships on Biology and Information Technologies](#) open to all nationalities at the French Atomic and Alternative Energies Commission (CEA). **No specific application deadline**: The positions are open until they are filled by appropriate candidates.

GERMANY - DAAD scholarships for [postgraduate courses in Germany at public or recognised German colleges in Arts / Film / Design](#). Deadline: **30 November 2018**

GERMANY – [Study Visits for postdoctoral researchers](#): 1 to 3 months Study visits at universities in Germany for artistic cooperations. **Brazil and Chile are not eligible.**

Deadlines: **3 December 2018** for a visit between 1 May 2019 and 31 January 2020 & **1 April 2019** for a visit between 1 September 2019 and 30 April 2020.

GERMANY (DAAD) – [Development-Related Postgraduate Courses \(EPOS\)](#)

The AXA Research Fund supports basic science dedicated to a better understanding of global risks related to: **Environmental risks, Life risks, Socio-economic risks, "The Fourth Industrial Revolution"**.

Scholars from many LAC countries are eligible under the EPOS programme, including from Argentina, Brazil, Columbia, Mexico. Check the list [here](#)

Individual scholarships to participants from developing countries so that they may study development-related postgraduate courses at selected universities in Germany; for **foreign graduates from all disciplines; 12 to 36 months**
Deadlines: dependent on study programme of each German university.

GERMANY - [Capes-Humboldt Research Fellowship \(Incoming, postdoc\)](#). Exclusive to researchers from **Brazil**; All disciplines are included. Several calls available. Next deadlines : **30 November 2018, 31 May 2019, 29 November 2019, 29 May 2020**

GERMANY – [German funding to prepare applications under H2020 with partners from South America](#): Supports the participation of German applicants together with partners from **Argentina, Brazil, Chile, Colombia, Cuba, Mexico**, in the EU Research and Innovation Framework Programme Horizon 2020. It will involve funding for exploratory talks and networking of partners. Deadline: **21 December 2018**
