Commitment of Helmholtz Zentrum München to the European Charter for Researchers and the Code of Conduct for the Recruitment of Researchers

Helmholtz Zentrum München fully supports the initiative of the European Commission to make the European Research Area a more attractive working place for researchers. Therefore, Helmholtz Zentrum München is pleased to endorse the Charter and the Code.

Helmholtz Zentrum München recognizes the importance of ideal working conditions and career developments in order to be an attractive and competitive employer for researchers; therefore, a set of measures to improve the framework conditions has already been implemented.

The Charter and Code will further increase our efforts to create a stimulating and favourable working environment for researchers.

Helmholtz Zentrum München is the German Research Center for Environmental Health and is a member of the Helmholtz Association of German Research Centers.
