Declaration of support for the European Charter for Researchers
and the Code of Conduct for the Recruitment of Researchers

The Institute of Geography and Spatial Organization of the Polish Academy of Sciences
represented by Director Professor Marek Degórski – would like to express its acknowledgement of
the importance of the Recommendation of the European Commission 2005/251/EC on
"The European Charter for Researchers" and "The Code of Conduct for Recruitment of
Researchers"

The Institute fully supports these recommendations and intends to respect and promote
the guidelines contained in the Charter and Code.

Many of the rules of both the Charter and the Code have already been adhered to and are
a common practice in the Institute. Nevertheless, the Institute declares to undertake appropriate
measures to fully implement all of good practice principles presented in the Charter and the Code.
We believe that this will enhance the quality of the conducted research and increase the prestige
of the researchers.
