

**Letter of Commitment to
Recommendations of the European Commission to
the European Charter for Researchers and
the Code of Conduct for the Recruitment of Researchers**

Lisbon, 14th March, 2018

The Patient Innovation Association hereby formally adopts the principles outlined in the European Charter for Researchers and in the Code of Conduct for the Recruitment of Researchers. Patient Innovation also commits to implementing the Human Resources Strategy for Researchers, (HRS4R).

The majority of the recommendations in the European Charter for Researchers and in the Code of Conduct for the Recruitment of Researchers are already common practice at Patient Innovation. Nevertheless, Patient Innovation will make sure that further initiatives will be in line with the European Charter for Researchers as well as with the Code of Conduct for the Recruitment of Researchers.

The European Charter for Researchers and the Code of Conduct for the Recruitment of Researchers are documents that support the commitment to excellence of Patient Innovation.

Patient Innovation will disseminate and promote the European Charter for Researchers and the Code of Conduct for the Recruitment of Researchers among its professors, researchers and students and, specifically, among those involved in the recruitment of researchers.
