By endorsing the Charter & Code, the University of the Faroe Islands recognises the value of its principles and voluntarily commits itself to applying them.

This endorsement by the University of the Faroe Islands is fully in line with its policy aiming at making a researcher’s career more attractive and at enhancing the quality of research and innovation. The signature of the Charter & Code is also a further commitment of our institution to foster international collaboration and interdisciplinary, intersectoral and transnational mobility by researchers.

By implementing the Charter & Code principles, the University of the Faroe Islands intends to contribute to the realisation of an open and attractive European labour market for researchers.
