Code of Conduct for the Recruitment of Researchers

Friedrich-Alexander-Universität Erlangen-Nürnberg (FAU), represented by its president Prof. Dr. Karl-Dieter Gröske, welcomes and fully supports the initiative of the European Commission.

Several of the general principles proposed in the Charter and in the Code of Conduct are already common practice at FAU. By endorsing the Charter and Code, FAU recognises the value of its principles and intends to apply them.

The endorsement by FAU is in line with its policy aiming at making a researchers career more attractive and at enhancing the quality of research and innovation. FAU intends to foster international collaborations and to contribute to the realisation of an open and attractive European labour market for researchers.

Prof. Dr. Karl-Dieter Gröske
