# Vernian RTI – Brief presentation

## Euraxess Brokerage event

**8 February, 2023**

There are no impossible obstacles; there are just stronger and weaker wills, that's all!
*Jules Verne*

# About Vernian RTI

◎ A Cypriot SME, based in Nicosia,

◎ Regional, European (and global) view,

◎ Established in September 2020,

◎ Over 30 years (cumulative experience) from the IT, telecoms and banking sectors.

# Our motivation

◎ *Research, Technology & Innovation (RTI)* has become **pervasive**,

◎ By embracing *RTI* in their strategy and operations, organizations of all sizes can:

   ◎ optimize their business model and value proposition,

   ◎ augment their innovation capacity,

   ◎ enhance their competitiveness. and,

   ◎ more importantly achieve sustainability for their organisations **<u>and</u>** society.

# Our principles – We act with

**Competence**

*We only join projects where we have the skills and competences required*
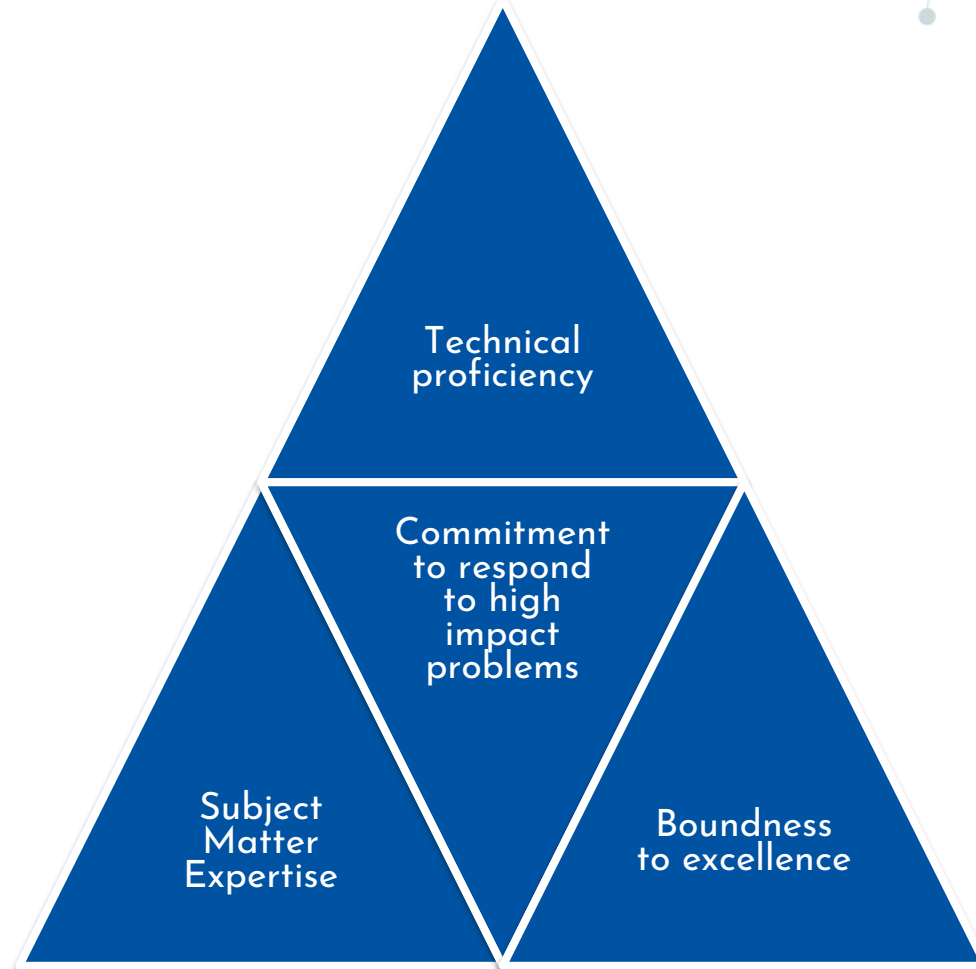

**Confidence**

*Our modus operandi allows us to deliver exemplary results*

**Commitment**

*We are committed towards exceeding the expectations of our stakeholders, acting ethically and transparently*
