FINLAND FOR STUDENTS & RESEARCHERS

SUOMI
FINLAND

A STRONG FOCUS ON RESEARCH AND INNOVATION:

Solution-based learning is at the core of the tuition offered by most of the Finnish universities and universities of applied sciences. Learning is based on discussion, student participation and working together.

STUDENT SATISFACTION:

Finland stands out in student satisfaction surveys as one of Europe's best places for international students. Finland has an average satisfaction rating of 9.1 out of 10. ([StudyPortals](#))

14 & 24

Higher education is provided by 14 universities and 24 universities of applied sciences.

450+

Over 450 degree and non-degree programmes are available in English.

A young man with short brown hair and a light beard, wearing a white lab coat over a grey t-shirt, is looking down at a microscope in a laboratory. The background shows a stack of white plastic containers on the left and a blue cloth on the table. The text 'SUOMI FINLAND' is in the top right corner.
