

## CALL FOR ONE RESEARCH GRANTS UNDER THE PROJECT “iNOV Sensing” (PI213-CI-IPOP-24-2024-iNOVSensing).

The Instituto Português de Oncologia do Porto Francisco Gentil EPE (IPO Porto) is opening a call to award a research grant to carry out R&D activities within the scope of the project, “iNOV Sensing” (PI213-CI-IPOP-24-2024-iNOVSensing) funded by the Fundação para a Ciência e Tecnologia (FCT).

### 1. Scientific Area

Health Sciences

### 2. Admission requirements

#### Obligatory

- I. MSc holders in Oncology or related areas, finished in the last 2 years, with final classification of at least 19/20;
- II. Have published at least one scientific article, in the field of cancer research, as co-author in high profile peer reviewed international journal with an impact factor above 6 (IF>6).

#### Preferential

- I. Laboratory experience in several molecular biology and cell culture methods, including Western Blot, Wound Healing Assay, Clonogenic Assay, Drug Screening and Flow Cytometry;
- II. Experience in using softwares such as FlowJo, Image Lab and Image J;
- III. English proficiency (oral and written);
- IV. Motivation to work in an interactive and collaborative environment;
- V. Organized, able to prioritize and accomplish deadlines;
- VI. Driven to fulfil goals and reach objectives;

*If the qualification has been conferred by a foreign higher education institution, it must comply with the provisions of article 25 of Decree-Law No. 66/2018, of August 16th, and any formalities established therein must be fulfilled by the date of the hiring act.*

### 3. Applicable legislation and regulations

Research Fellowship Holder Statute enacted by Law no. 40/2004 of August 18<sup>th</sup>, as amended; FCT Research Grants Regulation, approved by way of Regulation nr. 950/2019, published in the II Series of DR of December 16<sup>th</sup>, 2019; Research Center IPO Porto Research Grants Regulation.

### 4. Workplan

The research grantee will:

- a) Assist in biological samples collection, namely liquid biopsies, by articulating efforts with the clinical teams and interacting with patients.
- b) Process biological samples.
- c) Implement molecular biology techniques applied to the identification and validation biomarkers, including extraction, quantification and quality assessment of nucleic acids, real-time PCR, immunohistochemistry, immunoblotting, ELISA, etc.
- d) Keep updated the project(s) databases and lab notebook.
- e) Prepare scientific reports, communications and papers.

### 5. Workplace

The work will be developed mainly at the Portuguese Institute of Oncology of Porto Francisco Gentil, EPE (IPO Porto), under the scientific guidance of Prof. Dr. Lúcio Lara Santos.

### 6. Duration of the scholarship

The studentship will last six (6) months or until the end of the project, starting as soon as possible, on an exclusive basis, cannot be awarded for periods shorter than three consecutive months according to FCT's regulation of advanced training of human resources.

### **7. Monthly value of the grant:**

The monthly maintenance allowance is 1259,64€, according to the table of stipends values awarded by the FCT, I.P, which can be consulted at: [https://www.fct.pt/wp-content/uploads/2024/02/Tabela-de-Valores-SMM\\_atualizacao-2024.pdf](https://www.fct.pt/wp-content/uploads/2024/02/Tabela-de-Valores-SMM_atualizacao-2024.pdf). The IPO Porto will pay the monthly maintenance allowance amount by bank transfer. In addition, the grantee will be covered by a personal accident insurance (PAI).

### **8. Selection Methods**

The admitted applications will be evaluated considering the candidates' academic or professional qualifications, professional career, relevance of the experience and training and the type of duties carried out in accordance with the profile described above.

The jury will analyze the application documents according to following criteria:

Criterion A - Curriculum evaluation, with a weight of 70%:

Sub-criterion A1 - Previous experience in accordance with the proposed work plan and the preferential requirements (50%).

Sub-criterion A2 - Publications and participation in scientific meetings (10%).

Sub-criterion A3 - Academic qualifications (10%).

Criterion B – Motivation letter, with a weight of 30%

Sub-criterion B1 -Ability to demonstrate the interest of previously acquired training and the suitability of their skills to the project to be developed (20%).

Sub-criterion B2 - Motivation and availability for the planned activities (10%).

Candidates will be ranked according to the weighted average of the classification obtained in each sub-criterion according to the following formula:

$$(50\% \times A1) + (10\% \times A2) + (10\% \times A3) + (20\% \times B1) + (10\% \times B2)$$

After evaluation of all admitted applications, the jury will write a meeting minute with all process of recruitment, evaluation, and selection, including an ordered list of approved candidates and the final decision of the jury. The final decision of the jury shall be validated by the Head of the Institution, who is also in charge of deciding about the hiring.

### **9. Jury elements**

President - Dr. Luís Carlos Lima, PhD

1st effective member- Prof. Dr. Lúcio Lara Santos

2nd effective member- Dr. Andreia Peixoto, PhD

1st supplementary member - Dr. José Alexandre Ferreira, PhD

2nd supplementary member - Prof. Dr. Carlos Palmeira

### **10. Form of advertising/notification of results**

The results of the evaluation will be announced via the email indicated by the candidates in their Curriculum Vitae/Letter of Motivation.

Candidates have a period of 10 working days, counting from the day immediately following the notification, to express their opinion, if desired, in a prior hearing with interested parties, under the terms of article 121 et seq. of the Administrative Procedure Code (CPA) .

### **11. Form of submission of applications and application deadline**

The call is open from the 18<sup>th</sup> of March to the 1<sup>st</sup> April of 2024 (until 23:59, local time). Applications must be formalized, obligatorily, by email send to [luis.carlos.lima@ipoporto.min-saude.pt](mailto:luis.carlos.lima@ipoporto.min-saude.pt) and [candidaturas.ciipop@ipoporto.min-saude.pt](mailto:candidaturas.ciipop@ipoporto.min-saude.pt) and the email subject must be "Application for a research grant - iNOVSensing Project", accompanied by the following documents:

- i. Motivation letter;
- ii. Candidate's Curriculum Vitae;
- iii. Certificate(s) of academic qualifications and evidence of relevant training;
- iv. One recommendation letter;
- v. Declaration on honor that the applicant fulfills the requirement set out in article 6 of the Research Grants Regulation from FCT, IP (model below).

*Proofs must be attached directly to the application, without the use of links to external platforms/drives. To guarantee the reading of all documents, the preferred recording format is the Portable Document Format (.pdf). Files must be named with the candidate's first and last name and must not exceed, as a whole, 5 MB. These can be compressed in .zip format.*

For further information about the project and the work to be developed, contact Dr. Luís Lima ([luis.carlos.lima@ipoporto.min-saude-pt](mailto:luis.carlos.lima@ipoporto.min-saude-pt))

Declaration on honor

I, (identification of the candidate), bearer of the Citizen's Card / Visa / Residence Card no. \_\_\_\_, valid until \_\_\_\_, declare under honor commitment to meet the conditions set forth in the n.ºs 4 and 5 of article 6.º from the Regulation of Research Grants from FCT,IP (Regulation No. 950 / 2019 of 16 December).

Porto, \_\_/\_\_/\_\_\_\_
