

Net4Mobility+ aims at the strengthening the MSCA NCPs professionalism in order to support researchers and institutions in project preparation and implementation

4th meeting of the European Scientific Diaspora in North America

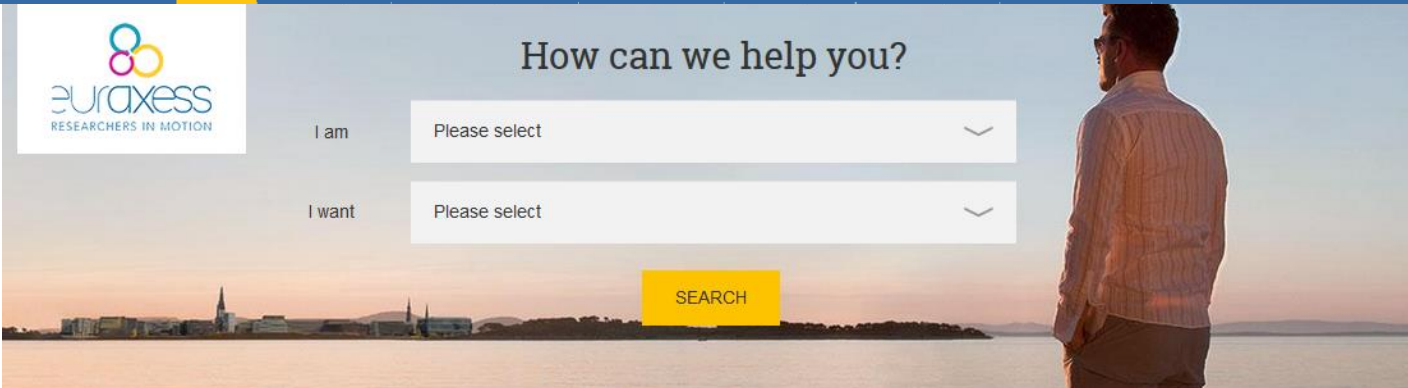

Cristina Gracia

National Contact Point for MSCA in Spain
EURAXESS Spain coordination team

The Spanish Foundation for Science and Technology is a public foundation dependent on the Ministry of Science, innovation and Universities.

FECYT's objectives are:

- ✓ To be the right tool for science dissemination and boosting science culture.
- ✓ To encourage and promote social participation in R&D+I.
- ✓ To analyse and disseminate the main indicators of Spanish science and innovation.
- ✓ To support the internationalisation of Spanish science.
- ✓ To support the State Department of Research, Development and Innovation (SEIDI) in the management and monitoring of R&D+I at the service of science, technology and innovation policies.

Welcome to EURAXESS in Spain

In the EURAXESS Spain portal you will find information on job and funding opportunities and on administrative procedures that affect researchers and their families when moving to a foreign country.

EURAXESS Spain is part of a European Commission initiative to help mobile researchers. This Network is made of more than 300 European Services Centres in 40 different countries that provide free of charge assistance to researchers and their families in matters such as visas, recognition of diplomas, social security and any other legal and cultural aspects.

LIVING IN SPAIN

- Education System
- Entry conditions/visas
- Health insurance and medical care
- Women's rights: Comprehensive protection measures against Gender-based violence

No limits: exploring careers for researchers

Welcome! The 'No limits' toolkit for researchers highlights resources to help you

- identify what's important for you in your career
- plan to build on your skills and knowledge
- consider a wide range of career options.
- make a plan to reach your professional development goals.

The toolkit includes advice, quizzes to help you explore your own needs and links to resources, information and opportunities.

Países donde se encuentran las 15 asociaciones que forman la Red: Alemania, Australia, Bélgica, China, Dinamarca, EE.UU., Francia, Irlanda, Italia, Japón, México, Noruega, Reino Unido, Suecia y Suiza

MSCA Basics

Training for researchers ' at all stages

- **Excellent Science Pillar – Horizon 2020 (6,1M€)**
- **Bottom-up** approach
- Funding based on **Unit Costs**

Some key concepts:

- **Triple “i” Mobility**
- **Strong industry participation**
- Acquisition of **new** and **complementary skills**
- Emphasis on communication and **public engagement activities**
- **Excellent working conditions**, gender balance and open recruitment

MSC different actions

Marie Skłodowska-Curie Actions

ITN
Innovative Training Networks

What does it offer?
High-quality research training delivered through interdisciplinary networks, industrial doctorates or joint doctorates.

Who applies?
International networks of research organisations from the academic and non-academic sectors

Who is funded?
Researchers at doctoral level (less than 4 years of full-time research experience and no doctoral degree)

IF
Individual Fellowships

What does it offer?
Opportunities to work on personal research projects by moving between countries and possible sectors to acquire new skills.

Who applies?
Individual researchers together with the host organisations

Who is funded?
Postdoctoral researchers

RISE
Research & Innovation Staff Exchange

What does it offer?
The exchanges of staff members involved in research and innovation to develop sustainable collaborative projects and the transfer of knowledge.

Who applies?
International networks of research organisations from the academic and non-academic sectors

Who is funded?
Researchers, technical administrative and managerial staff of any nationality and at all career levels

COFUND
Co-Funding of Regional, National & International Programmes

What does it offer?
Regional national or international programmes to foster excellence in training mobility and career development of researchers

Who applies?
Organisations funding or managing doctoral or fellowships programmes

Who is funded?
Researchers at doctoral and postdoctoral level

Net4Mobility⁺

Net4Mobility+ aims at the strengthening the MSCA NCPs professionalism in order to support researchers and institutions in project preparation and implementation

Information for you

- MSCA Leaflets
- Success Stories
- Social Media

For your MSCA project submission

- Expression of Interest
- MSCA Practical Guides
- Webinars
- FAQ Blog

Follow us!

www.net4mobilityplus.eu

MSCA National Contact Points (NCPs) are the main structure to give practical information and to assist our researchers and institutions in participating in MSCA

NCP's activities

Informing & awareness raising

Advising & assisting activities

Networking / partner search activities

Cooperation with European Commission and National Institutions

Documentation & information and promotional activities

Supporting beneficiaries through call and project lifecycle

Search for host institutions and other partners

Commission meetings, comments on guides, etc

For further details about NCPs please refer to **NCP Minimum standards and Guiding principles** (<https://bit.ly/2qSiol0>)

NCPs: find us through our Net4Mobility+ website
