

Postulación a Marie-Skłodowska Curie Actions – Individual Fellowships

Javier Burdman

Marie-Skłodowska Curie Research Fellow

University of Strasbourg, Department of Philosophy

Búsqueda de director y lugar de trabajo

- Ingresar a sitios web de departamentos y centros de investigación.
- Analizar el perfil del potencial director y del departamento o centro.
- Prestar atención a pre-convocatorias.
- Enviar y reenviar mails (concisos y al punto).
- Preparar mail genérico de presentación y breve descripción de proyecto.
- Iniciar búsquedas simultáneas.

Ejemplo de mensaje a potencial director

Dear Professor...,

I am a sociologist at the Center for Labor Studies of the University of Buenos Aires. My current research focuses on the impact of the financial crisis of 2008 on labor markets in South America, relying on a combination of historical and quantitative methods. Given my research area, I have come across your work on transformations of the labor market in Europe, which has influenced my current project.

I am writing because I would be very interested in an opportunity to develop part of my research with you at the Department of Sociology of the University of Trento. I have recently found out about the Marie Curie Fellowships awarded by the European Commission, which would fund a two-year project. I am very interested in preparing an application, and I wonder if you would be interested in supporting it as my host.

I am sending you attached a cv and a brief description of the project that I would like to develop at your institution. Please do not hesitate to request any further information that you may need.

Thank you for your consideration.

Best regards,

Preparación del proyecto

- Tiempo de preparación: ideal 3 meses; suficiente 2 meses; mínimo 1 mes.
- Recopilar y leer material en internet.
- Buscar asistencia de la universidad.
- Buscar contactos con experiencia.

Elementos de una buena presentación

- Conocimiento de la literatura internacional, especialmente en inglés.
- Antecedentes o potencial para publicar en revistas internacionales.
- Creación de redes internacionales.
- Estrategia de difusión.
