# A União Europeia tem muito para oferecer

- 28 países
- 500 milhões de habitantes
- 7% população mundial
- 20% dos investimentos em pesquisa mundiais
- 32 universidades europeias no Top 100 mundial
- Mercado único\*

\* Livre circulação de pessoas, mercadorias, serviços e capitais

O sistema europeu de ensino superior é diversificado!

- Duração de 3 a 4 anos
- Doutorados podem ser considerados trabalho (com contrato de trabalho e proteção social)

Mais informações no artigo *Doctoral training in Europe* com os 7 princípios para uma formação doutoral inovadora (<http://bit.ly/32l3EtN>)

# Webinar - Como realizar um doutorado na Europa

## Definições (no âmbito do Horizon 2020)

---

**Horizon 2020** = programa europeu de financiamento de pesquisa e inovação  
€ 80 bilhões (2014 -2020)

No âmbito do H2020, a UE financia seu doutorado em:

**28 Países membros da União Europeia**  
+ 16 países associados ao H2020

***Early Stage Researcher (ESR):***  
pesquisador no início da carreira, com menos de quatro anos de experiência em pesquisa e sem diploma de doutorado = R1

Pesquisadores individuais brasileiros são elegíveis aos fomentos do H2020 (MSCA e ERC) para realizar doutorado na Europa.

# 1 - A UE financia seu doutorado na Europa

---

Pesquisadores brasileiros ou sediados no Brasil podem realizar doutorados financiados por H2020:

**Ações Marie Skłodowska Curie (MSCA),  
ações ITN & Cofund**

Principal programa de doutoramento da UE

**Objetivo:**

Capacitar uma nova geração de **pesquisadores em início de carreira, criativos, empreendedores e inovadores**

**Elementos chave:**

Tríplice "i" – Foco em competências para a inovação

Regra de mobilidade

Apoiar perspectivas de carreira

Bolsas de 3 a 36 meses

**The financial dimension**

Research, networking, training costs	1800 €	Living allowance	3270 €
Management and indirect costs	1200 €	Mobility allowance	600 €
		Family allowance	500 €

Doutorado financiado por MSCA  
**Innovative Training Network – ITN**

---

QUEM? Futuros estudantes de doutorado,  
de todas as nacionalidades

COMO? Candidate-se às vagas de doutorado criadas  
pelas redes de instituições complementares.

Projetos de pesquisa pre-definidos pelas instituições.

=> vagas de doutorado publicadas no **Euraxess Jobs**.

# Doutorado financiado por MSCA Innovative Training Network – ITN

---

3 tipos de ITN:

- ✓ ***Redes Europeias de Formação***  
European Training Networks (ETN)
- ✓ ***Doutorados Industriais Europeus***  
European Industrial Doctorates (EID)
- ✓ ***Doutorados Europeus Conjuntos***  
European Joint Doctorates (EJD)

**European  
Training  
Networks  
(ETN)**

**European  
Industrial  
Doctorates  
(EID)**

**European  
Joint  
Doctorates  
(EJD)**

# Doutoramento na Europa (MSCA ITN/CoFund) => anunciados no portal EURAXESS Jobs

The screenshot shows the EURAXESS Jobs portal interface. At the top, the logo "EURAXESS" is on the left, and the URL "jobs.euraxess.org" is on the right. Below the logo is a navigation bar with several menu items: "HOME", "JOBS & FUNDING" (highlighted with a pink box), "CAREER DEVELOPMENT", "PARTNERING", "INFORMATION & ASSISTANCE", "EURAXESS WORLDWIDE", "MY EURAXESS", and "EXTRANET". There are also search and globe icons.

The main content area is titled "Search for jobs" and features a search bar with the placeholder text "Enter keywords". Below the search bar are several filter categories: "RESEARCH FIELD", "RESEARCHER PROFILE", "SECTOR", "COUNTRY", and "EUROPEAN RESEARCH PROGRAMME". The "EUROPEAN RESEARCH PROGRAMME" filter is expanded, showing a dropdown menu with the following options:

- FP7 / People-Marie Curie Actions COFUND (1)
- H2020 (231)
- H2020 / EIT (2)
- H2020 / ERC (139)
- H2020 / Marie Skłodowska-Curie Actions (152)
- H2020 / Marie Skłodowska-Curie Actions COFUND (50)
- H2020 / SME Innovation Associate (10)
- Not funded by an EU programme (6891)

At the bottom of the search area, there is a yellow "SEARCH" button and a "NEED HELP?" link.

- SHOW ON MAP

<b>ORGANISATION/COMPANY</b>	Universität Innsbruck	<b>LOCATION</b>	Austria › Innsbruck
<b>RESEARCH FIELD</b>	Mathematics › Computational mathematics	<b>TYPE OF CONTRACT</b>	Temporary
<b>RESEARCHER PROFILE</b>	First Stage Researcher (R1)	<b>JOB STATUS</b>	Full-time
<b>APPLICATION DEADLINE</b>	10/09/2019 23:00 - Europe/Athens	<b>HOURS PER WEEK</b>	40
		<b>EU RESEARCH FRAMEWORK PROGRAMME</b>	H2020 / Marie Skłodowska Actions COFUND
		<b>MARIE CURIE GRANT AGREEMENT NUMBER</b>	847476

DOCC ("Dynamics of Complex Continua") is an interdisciplinary Marie Skłodowska-Curie COFUND doctoral programme at the University of Innsbruck that will train 15 PhD students for 3 years on modelling and simulation of complex dynamical continuum systems.

One of the available positions is in the field of mathematics with an emphasis on inverse problems: dynamic tomography allows real-time imaging of many physiological processes, ranging from cardiovascular imaging to non-invasive surgery monitoring. Standard recovery methods accounting for rapid movements are only suitable for simple rigid motion. In this suggested PhD thesis project we consider efficient image reconstruction for complex motions, using tools from regularization theory, inverse problems, deep learning and neural networks to integrate suitable a-priori information.

DOCC provides structured training in both research-relevant and professional skills by building expertise in the intersectorally seminal fields of computational material, fluid and gas dynamics, which procures multiple topical technological, societal and medical applications relevant to climate, energy, safety, or nano and life sciences. DOCC prepares Europe's next top modellers to link simulations and the real world within a multi-

supervisors and descriptions of the suggested research topics are provided at <https://DOCC.eu>.

Applicants can also propose and discuss possible own research topics with the specific group leaders. The requested research group(s) or topic(s) should be indicated in the application. Participating fields and research groups: atmospheric science; astrophysics; astro-particle physics; biomolecular chemistry; civil engineering; engineering science; numerical mathematics; medical computing; nanophysics; biophysics; material chemistry; material science; structural engineering. The PhD research work should preferably start between 12/2019 and 01/2020. We offer an employment contract for 3 years, with an annual gross salary of 40'103 EUR (susceptible to taxes) for 40 hour/week employment. All PhD fellows will be liable to full medical and social contributions according to the Austrian federal legislation, implying a retirement scheme and (partly paid) parental leave. More information on DP DOCC, suggested thesis topics, requirements and eligibility criteria, and the application and recruiting process are available at <https://DOCC.eu>. The deadline for applications (first call) is at 10th September 2019.

The DOCC programme has received funding from the European Union's Horizon 2020 research and innovation programme under the Marie Skłodowska-Curie grant agreement No 847476.

### EURAXESS Brazil & LAC Funding opportunities

Última edição:  
[bit.ly/FO062019](http://bit.ly/FO062019)

Dear readers,

"EURAXESS - Researchers in Motion" is a European Commission Initiative focused on researcher mobility and career development. Among other activities, EURAXESS supports individual researchers in finding jobs or funding opportunities to make their research stay in Europe a reality.

On the EURAXESS Portal, we encourage you to consult the:

- EURAXESS Job database that lists thousands of vacancies from more than 40 European countries and other regions of the world.

- And the Funding database allowing you to search for the funding programme you need for your mobility or research cooperation project.

Please note that individual researchers from Brazil and other LAC countries can upload their CVs on the portal, register their searches and create alerts to be informed when a vacancy matching their profile has been published.

Funding organisations, including from Brazil and other Latin American and Caribbean countries can publish their jobs, funding opportunities and scholarships on the portal to increase their visibility and reach the best candidates worldwide.

To help you identify these opportunities, EURAXESS LAC regularly publishes open calls to fund researchers' mobility and cooperation with European teams. A novelty as from this edition, the list now combines funding opportunities open to both Brazil and other LAC countries. This edition is valid for August and September.

The jobs, grants and fellowships announced are organised by funding organisations (including private ones). In section 1, you'll find calls funded by the European Commission, in section 2, calls launched by individual EU member states or associated countries, and in section 3, calls promoted

EURAXESS LAC Funding opportunities is a list of open calls to fund researchers' mobility, compiled by the EURAXESS LAC team. The information contained in this publication is intended for personal use only, it should not be taken in any way to reflect the views of the European Commission nor of the Delegations of the European Union in the region. Please email [brazil@euraxess.net](mailto:brazil@euraxess.net) or [info@euraxess.net](mailto:info@euraxess.net) with any comments on this list, contributions you would like to make, if you know any other colleagues who would be interested in receiving this document, or if you wish to unsubscribe. Editors: Charlotte GRAWITZ, EURAXESS LAC, [EURAXESS@ec.europa.eu](mailto:EURAXESS@ec.europa.eu) Issue 19

#### EURAXESS Latin America and the Caribbean

##### 2.26GREECE - Onassis Foundation Fellowships for incoming foreigners

This Fellowship Program is aimed at academics of all ranks - members of national Academies, Ph.D. holders and post-doctoral researchers - to conduct research in Greece in subjects relating to Greek culture and society. The research fields for this call are:

- Computational Archaeology, Data Driven Archaeology
- Computational Linguistics, Neurolinguistics, Natural Language Processing
- Philosophy & Ethics -Applied Philosophy) (e.g. Ethics on AI, Data Science, Biotechnology)
- Special Education
- Modern Greek Literature & Translation related to Cavafy's oeuvre

Three fellowships will be awarded to University Professors for a period of up to 3 months and another three to Post-doctoral Researchers for a 3 to 6 month period.

Deadline: 28 February 2019

##### 2.27HUNGARY - Calls for application for short or long term research stay in Hungary for the academic year 2019-2020 (Argentina, Chile, Mexico)

Tempus Public Foundation offers bilateral state scholarships based on cultural, scientific and educational cooperation agreements to 60 countries, incl. Argentina, Chile, Mexico (research stays at masters and PhD levels).

Funding: Accepted applicants are entitled to participate in courses free of charge, as well as to receive a stipend.

Deadline: 28 February 2019

##### 2.28IRELAND (University College Cork) - APEX Fellowships for Experienced Researchers in Microbiology (Incoming)

APEX is a new international training, career development and mobility fellowship which focuses on the research strengths and expertise of the Institute in the areas of gut microbiota and their role in human health and disease.

The APEX programme will offer 20 prestigious two-year postdoctoral fellowships for incoming mobility across two calls over the 60-month duration of the programme.

WHO? Fellowships will be targeted at experienced researchers. (An experienced researcher must at least 4 years of full-time equivalent research experience in academia or industry).

Fellowships will be offered in the four thematic APC research areas of:

- 'Microbes to Molecules',
- 'Diet and Microbes at the Extremes of Life',
- 'Brain-Gut-Microbiota Axis' and
- 'Host-Microbe Dialogue'.

Deadline: 9 April 2019.

APEX is a postdoctoral fellowship. Maria Sklodowska-Curie Action (MSCA) COFUND programme, based at APC Microbiome Ireland at University College Cork (UCC), and cofunded by H2020.
